III. FACILITIES AND OPERATIONS

BUILDING HOURS

The Music Building and the Music Practice Building are open:

M-F 7:00 AM-12:00AM

Sat 7:00 AM-11:00 PM

Sun 8:00 AM-11:00 PM

PUBLIC SAFETY

The music facility is provided police services by the Department of Police and Public Safety. DPPS provides for a safe, welcome, and orderly campus environment for Michigan State University students, faculty, and visitors. In addition to the emergency number (911) the DPPS can be reached via the following:

MSU Police Service Desk: 517-355-2222

MSU Police Investigations: 517-432-0842

PRACTICE ROOMS

Practice rooms in the Music Building and the Music Practice Building are available to enrolled students during building hours (see above). Private teaching in these rooms is not allowed. There are several practice rooms reserved for piano practice by music majors whose primary instrument is piano. See the chair of the piano area to obtain access to them.

There is a 15-minute vacancy limit. If a student is absent from a practice room for more than 15 minutes—whether or not personal belongings remain in the room—that room may be taken by another student.

Important—do not leave valuables (including instruments) unattended at any time in practice rooms or anywhere in the College of Music. Personally-owned instruments are not insured through MSU. Students may want to check with their homeowner insurance provider for information on coverage for instruments “away from premises.” In some cases, it may be possible or desirable to purchase through parents’ homeowner’s insurance a rider that will cover an expensive musical instrument while it is away from home.

LOST AND FOUND

Lost and Found is located in the Main Office of the College of Music in room 102 Music Building.

LOCKERS-RULES AND FEES

Lockers are University property rented to students for \$20.00 (non-refundable), while in the College of Music. These lockers are for your convenience. All lockers are issued on a first-serve basis. However, music majors get first preference over non-music majors.

A key or combination is issued with the locker. If your key or combination lock is lost or stolen, there will be a \$30.00 replacement fee. Lockers are assigned based on main instrument size and availability. Lockers are located in the Music

Building and Music Practice Building. Any falsified information will result in the loss of your locker. The College of Music reserves the right to have access to all lockers and storage facilities on the premises.

All keys must be returned to the College of Music by the end of Spring Semester of each year.

KEYS

The Main Office staff in Rm. 102MB is available to open any room or piano, if necessary, during regular business hours (8:00 AM to 5:00 PM).

During non-business hours or weekends, sign out the necessary key(s), for a \$20 cash security deposit by 4:45 PM. Keys will not be issued until the deposit is paid.

The Green Room key may be checked out; a reception room (classroom) may be available also.

Keys are to remain with the person to whom they are assigned.

Keys must be returned by the 2nd business day after use to Room 102 Music Building. An enrollment hold will be placed on your records, if the key/keys are not returned in a timely manner. In addition, your security deposit may be claimed, if keys are not returned before the 2nd business day after the recital/rehearsal.

RECORDING SERVICES (<http://www.music.msu.edu/recordingservices/>)

All faculty, student and guest artist recitals are recorded by advance request only. For requests honored with less than two weeks notice, add \$40 late fee. It is recommended that you make your recital recording requests as soon as your recital date and location are confirmed. Recitals are recorded based on staff availability. It is especially important to get your requests in early for end-of-semester recitals.

Fill out an online request or go to room 226 Music Building to fill out a Recital Recording Request Form (also available in our Recital Scheduling packet).

Please inform Recording Services immediately of any change in time or location of your recital. For less than 24 hours notice, you will be charged full price.

You will be contacted by e-mail when your order is ready.

It is your responsibility to listen to your recording and notify Recording Services of any problems immediately.

Recitals in the Music Auditorium and Hart Recital Hall are recorded using the suspended microphone pair as standard procedure. Custom microphone setups are available upon advance request.

SOUND REINFORCEMENT

The music auditorium is equipped with a sound system in a cabinet located stage left, near the door. Keys for audio cabinets must be checked out in the main office. From the cabinet you may play CDs, cassettes or

plug in your MP3 player. You may also connect a microphone if necessary. For more intensive sound needs you may hire Recording Services to provide a technician and equipment. Information is available at Recording Services, Room 226 music building. recserv@msu.edu. 517-355-7674.

ROOM USE FOR RECORDING

The Music Auditorium and Hart Recital Hall are the two principle venues for degree-required recitals, both graduate and undergraduate, and therefore must be set aside for that activity. However, there are times when a quality recording is necessary for numerous reasons. Scheduled recording sessions are therefore allowed in the two performance venues for the following purposes:

- Job applications/Auditions
- Graduate School applications
- Competitions
- Applications/Auditions for summer programs/festivals

For other purposes, such as CD projects for personal use or recording for personal improvement, classrooms are available in the College of Music, or it may be desirable to investigate the possibility of off-campus sites.

Recording sessions may be scheduled one week prior to recording session.

The total number of scheduled recording hours allowed each semester should not exceed 6 except in extremely unusual circumstances.

Typical recording sessions are 2 hours in duration, but can vary depending on the availability of the hall.

Recording may be accomplished by College of Music Recording Services or by an outside recording agent as the performer wishes. Be sure to plan for recording setup when scheduling times in the hall.

RECITAL /REHEARSAL SPACE IN THE MUSIC AUDITORIUM AND HART RECITAL HALL

Schedule your rehearsals in person in Room 102 Music Building, or email Chris Kaye, kaye@msu.edu.

The Auditorium and Hart Recital Hall are not to be used for general practice; these are for performances and dress rehearsals.

For required doctoral recitals, students may reserve the performance venue for up to five hours for rehearsals.

For required masters recitals, students may reserve the performance venue for up to three hours for rehearsals.

For required undergraduate recitals and non-required recitals, students may reserve the performance venue for up to two hours for rehearsals.

One additional hour within 24 hours of the performance date may be scheduled if space is available.

A recital involving a large or complicated set-up may be allowed extra time on the day of the performance. Contact Chris Kaye in 102 Music Building to get your set-up time added to the schedule.

PIANO USE POLICY IN THE MUSIC AUDITORIUM AND HART RECITAL HALL

Purpose: to provide access to a high quality concert piano for public performances to students, faculty, and guests. A high quality concert piano is expensive and relatively fragile. Limiting its availability to only public performances and equivalent use is intended to preserve the pianos' readiness for performance. This will benefit all performers and all performances.

General Rules:

Both Auditorium pianos will be locked and Auditorium and Hart pianos covered after each use.

Students and faculty will not give or lend keys for the performance piano to others. No food or drink is allowed in the Music Auditorium.

Situations not covered explicitly by these rules will be interpreted by staff based on the guidelines set forth in this policy document.

Students violating these rules will lose the privilege of using the piano. These rules are posted in large print backstage in the Music Auditorium.

"Prepared Piano" Rules:

A prepared piano is defined as any activity involving affixing labels, marking or inserting foreign objects into the piano or manipulating the strings other than through the keyboard. Before a College of Music piano may be used for prepared piano purposes, approval and instructions must be obtained from the Piano Technology staff.

The piano may be used for rehearsal or public performances involving a prepared piano. Following the rehearsal or performance all labels, markings, and other objects (as approved by the Piano Technology staff) will be completely and promptly removed, leaving no permanent traces in the piano.

SCHEDULING RECITALS

General Policies

Recitals may be performed in the Music Auditorium or Hart Recital Hall (or in some instances, Room 103 Music Practice Building). Indicate your room preference on the STUDENT RECITAL SCHEDULING CONTRACT or FACULTY/GUEST ARTIST/ENSEMBLE RECITAL RESERVATION CONTRACT. - Hall or room is cleaned and secured,
- Keyboard instruments are covered,
- Tables and other equipment and supplies are returned to the correct place,
- All lights are turned off, and
- Any reception area is cleaned and trash placed in the courtyard dumpster.

Students submit the contract, signed by a faculty member, to Room 102 Music Building for scheduling. Keep a copy for your records.

You will receive confirmation of the date, place, and time by e-mail. Check the website to confirm that your recital appears on the updated schedule. Recitals are scheduled on priority basis: faculty, required graduate student, required undergraduate, non-required. Contact Chris Kaye if you do not receive confirmation at 517-432-8344.

Keys for Performance Venues

see “KEYS” on page 26.

Recital Programs

All students are required to provide a program of their recital to the College of Music per NASM (National Association of Schools of Music) guidelines.

Graduate students are required to prepare and present a program in the MSU format at his/her pre-recital hearing; undergraduate students must also have faculty approval of their program prior to submission to the front office. At the time of the pre-recital hearing, applied faculty will proof the program and suggest corrections/changes. Students have the option of submitting the corrected program by hard copy or email (as a Word attachment), to the front office at programs@music.msu.edu at least 14 days before the scheduled recital. The front office will copy recital programs submitted after the 14-day deadline only if the program is submitted as a “copy-ready” format submitted electronically.

Alternatively, students can prepare and copy their own programs and assume the associated costs.

Complete the Recital Program Form at least two weeks before your recital and email it to programs@music.msu.edu.

- 1) Two-three days after your Recital Program Form has been received by the Main Office, a proof of the program will be available in room 102 Music Building for you to pick up. You will need to have your program approved (signed) by your instructor for a required recital. Please return your corrected, signed program one week before your recital to the Main Office for copying. The Main Office prints recital programs at no cost to the performer; however, the College of Music is not obligated to print programs filed after the due date.
- 2) A copy of your program will be placed in your advising folder. (NOTE: NASM rules require that a copy of all MSU College of Music programs be kept on file. If your program was not provided by the College of Music, please submit a copy of the program to the main office.)
- 3) Programs may be picked up in Room 102 the day before the recital on weekdays between 8:00 am and 5:00 pm.
- 4) We request that no one put posters on the walls or doors. The Main Office will post your program in the display boards in the Music and Music Practice Buildings when processed. No other posters are permitted.

IV. ACADEMIC POLICIES AND PROCEDURES

Admission to the College of Music

The College of Music offers undergraduate programs leading to the degrees of Bachelor of Music and Bachelor of Arts; each of those programs have been accredited by the National Association of Schools of Music.

In addition to meeting the requirements for admission to the University, acceptance into an undergraduate program in the College of Music requires satisfactory performance on a major instrument or in voice as determined by audition.

Candidates who wish to major in composition must submit a portfolio for review and approval by the area faculty.

Transfer credit in music theory and music performance is validated by examination. Transfer credit in other music courses must have the approval of the College of Music.

Music Theory Validation Exams

A course of study in music theory is required of each student in the College of Music. Students who have previously studied music theory have the one-time opportunity to place out of the first and/or second semester of music theory and ear-training/sight-singing via a “Freshman-level theory” exam. This exam is offered by the music theory area on published audition days; it is also offered during the first two days of fall semester, but it is strongly suggested that each student take the exam at the time of audition because summer AOP (Academic Orientation Program) relies on this information to adequately place students into courses that satisfy curricular requirements.

First-Time Freshmen do not need to take the "Freshman-level Theory" exam (see below) if they wish to follow the regular course sequence from the beginning. However, students with a strong theory background may attempt to waive a portion of freshman theory by taking the appropriate validation exam or exams. Many students will have already completed this theory testing during their audition day participation.

Guidelines for determining which exams must be taken:

- Only new freshmen that have not yet taken the MUS 180 and/or 182 exams *may* take these exams during the registration period.
- Any new freshman that passes the MUS 180 exam is exempt from taking MUS 180 but must take MUS 181 (student also *may* enroll in MUS 180). Similarly, any new freshman who passes the MUS 182 exam is exempt from taking MUS 182 but must take MUS 183 (student also *may* enroll in MUS 182).
- Transfer students who already have taken and passed one year of college-level theory (i.e. fundamentals, basic harmony, musicianship, etc.) must take the MUS 181 exam. Students who fail this exam are required to enroll in MUS 181 (but they may enroll in MUS 180 prior to taking MUS 181).
- Transfer students who already have taken and passed one year of college-level aural skills (ear training, sight singing, aural harmony) must take the MUS 183 exam. Students who fail this exam are required to enroll in MUS 183 (but they may enroll in MUS 182 prior to taking MUS 183).
- Transfer students who already have taken and passed two years of college-level theory must take the MUS 280-281. Students who fail this exam will be required to enroll in MUS 280 or MUS 281.

- Transfer students who already have taken and passed two years of college-level aural skills must take the MUS 282-283 exam. Students who fail this exam will be required to enroll in MUS 282 or MUS 283.

Advanced Placement Exams for General Education

Students can receive credit through Advanced Placement (AP), International Baccalaureate (IB) Diploma Program, College-Level Examination Program (CLEP), and International A Level examinations. Strong scores may allow for a course waiver or course credit.

Advanced Placement (AP) Examinations

High school students can receive credit through AP examinations. Scores should be sent directly to the Office of Admissions and Scholarships from the testing agency.

International Baccalaureate (IB) Diploma Program

High school students can receive credit through IB Diploma Program. Scores should be sent directly to the Office of Admissions and Scholarships from the testing agency.

College-Level Examination Program (CLEP)

Individuals who have completed CLEP examinations must submit an official CLEP exam report for all exams taken prior to enrollment at Michigan State. Scores must be sent directly to the Office of Admissions and Scholarships from the testing agency. No credit will be awarded for CLEP examinations taken after the student's first enrollment at Michigan State University. Credit earned through CLEP will be awarded in chronological order along with other credit-granting examination programs (AP, IB, etc.) and/or course work completed at recognized postsecondary institutions. Credit awarded may not exceed 60 total semester hours.

International A Level Examinations

Students can receive credit through the International A Level examinations. Scores must be sent directly to the Office of Admissions and Scholarships from the testing agency.

Transfer Courses and Credit

Acceptance of courses and credits deemed suitable for transfer to MSU is determined by faculty in the department, school, or college responsible for instruction in the subject area. For current course equivalencies, visit: <http://transfer.msu.edu>. This website is also useful for students wishing to take courses at another institution. It will assist in determining whether a course at that institution will or will not transfer.

MSU students may attend other institutions as *Guest Students* or *Non-matriculated Students* for short periods, either during the regular academic year or in the summer, for the purpose of earning credit for transfer to Michigan State University.

Students planning to attend accredited Michigan institutions should use the Michigan Uniform Undergraduate Guest Application form available on the Web at www.reg.msu.edu. Students who wish to attend non-Michigan institutions should obtain application forms from the host institution. The completed form should be taken to the host school.

Credits for courses in which passing grades are earned of any designation less than "C" (2.0), such as C minus (less than 2.0), are *not* acceptable in transfer. Effective Fall 2006, a minimum of 2.0 must be earned in each course in order for the credit to be transferred to Michigan State University. Michigan State University students beyond sophomore standing may not earn credit in two-year institutions for transfer to Michigan State.

Academic Advising

Each student is responsible for knowing University, college, and department or school requirements as stated in the catalog and in college and department or school printed materials. To assist the student in interpreting policies and requirements, academic advisement is provided through the colleges and the Undergraduate University Division. Students are strongly encouraged to consult regularly with an adviser. Students may also check progress to their degree by using Degree Navigator, available at <http://www.degnav.msu.edu>.

In the College of Music, the office of the Associate Dean for Undergraduate Studies and Operations has the responsibility for advising all undergraduate students, including Honors and non-Honors College students.

Students are required to fulfill only the degree requirements in effect at the time they are admitted to one of the degree granting colleges of the University. (Normally this will be the third year on campus.) The Curriculum Committee must approve any deviation from the curriculum. Any subsequent changes in degree requirements adopted by the faculty may not be enforced on students already enrolled. All new students should obtain from the undergraduate advising office of the College of Music a current copy of the curriculum in which they are enrolled.

Honors College: Students whose academic record is outstanding may be invited to become members of the Honors College. The College of Music offers many honors opportunities, primarily through honors options, in various classes. See your academic adviser for more information.

Degree Coding

Each degree program in the College of Music has an assigned code number, which identifies it to the university. Check to be sure your degree coding is correct. Listed below are the codes for all undergraduate music degrees.

<u>Degree</u>	<u>Primary</u>	<u>Add'l major</u>	<u>Second Degree</u>
BM in Performance	7312	7313	7314
BM in Music Education	7309	7310	7311
BM in Music Therapy	7316	7317	7318
BM in Composition	7303	7304	7305
BM in Jazz Studies	7319	7320	7321

Jazz Minor for performance or music education majors			7339
Minor in Music			7341

Credits to Degree

All undergraduate degree programs in the university require a minimum of 120 semester credits; some music degrees require more than the university minimum. Listed below are the minimum credit requirements for the various music degrees:

Bachelor of Arts in Music	120 credits
Bachelor of Music in Performance	120 credits (voice majors: 120-132 credits)
Bachelor of Music in Music Education	148-150 credits
Bachelor of Music in Music Therapy	120-129 credits
Bachelor of Music in Jazz Studies	120 credits
Bachelor of Music in Composition	120 credits

Piano Proficiency – Requirement for Piano Minor

Students are required to complete a minimum of 2 credits of MUS 150M at one credit per semester. They will receive a 30 minute lesson once a week. Any credits over two (2) will not count towards the degree. In order to enroll in MUS 150M they must have completed, or waived through examination, the class piano proficiency at the keyboard. The curriculum consists of basic technique, repertoire, accompanying, and sight-reading.

The course grade will be based, in part, on attendance, preparation, and progress. In order to complete the piano minor requirement the student must successfully perform a piano proficiency exam. This exam will be graded on a pass/fail basis and will not affect the student's grade in MUS 150M. Successful completion of the piano proficiency exam is a graduation requirement for piano minors.

The proficiency exam, in the case of students who have had considerable piano background, may be used as a waiver for all piano minor requirements if passed (student will be expected to play everything required in the piano proficiency exam). The piano proficiency as a waiver must be completed before the first semester of scheduled piano study. The waiver exam should be scheduled on an individual basis with the Keyboard Area Chair. The waiver exam must be completed during the first week of classes, before the end of the Add period.

Students will take a placement exam before beginning any piano courses; the placement exam will determine the appropriate placement in MUS 141, 142 or 150M. If a student chooses to enroll without taking the placement exam, they may only enroll in MUS 141. The piano proficiency exam may only be taken while the student is enrolled in MUS 150M.

Little preludes or two-part inventions of J. S. Bach; or similar contrapuntal works by other composers.

II. Classical Period

Sonatinas or short sonatas of Haydn, Mozart, Beethoven, Kuhlau, Clementi or other composers in this period.

III. Romantic, Impressionistic and Contemporary Periods

Bartok, Kabalevsky, or Prokofiev children's pieces; Schumann, Album for the

Young; easy works of Satie, Ravel, Debussy; other works of similar difficulty.

IV. Accompaniment

The student should work on accompaniments to compositions for the student's major instrument. The voice major must be able to sing and play his/her own accompaniment.

V. Sight-reading

Material should be chosen from school song books, hymns, easy four-hand music, and accompaniments in the student's performance field.

JURY EXAMINATION

A jury examination, including technique, repertoire (two compositions chosen from I-III on the above list), and sight-reading, will be required at the completion of each semester of study. The jury will be considered the final exam. The faculty/graduate students present will provide the student with written comments as well as a grade. The averaged jury grade will constitute 25% of the student's grade in the course. Memorization is recommended but not required. Students playing from music must use original copies. Students must be prepared to perform complete movements.

THE PIANO PROFICIENCY EXAM

This exam will be administered on a pass/fail basis. The student must prepare all techniques listed above as well as one piece from each group I-IV. The accompaniment (a composition for the student's major instrument) must be performed as an ensemble except in the case of voice. The voice major must play/sing his/her own accompaniment. Sight-reading will be an integral part of the exam and will be at a level consistent with the student's abilities. Memorization is recommended but not required. Student's playing from music must use original copies. Students must be prepared to perform complete movements.

In the event that the student does not pass this exam they may retake it but must play different repertoire.

The piano proficiency exam will be offered only during exam week in fall and spring semesters. In order to be certified for graduation the student must successfully complete the piano proficiency exam in the semester prior to that in which they expect to graduate. It is recommended that the piano proficiency exam be completed by the end of the junior year.

Senior Recital/Capstone Experience

A senior recital comprises the capstone experience for students in the BM in Music Performance, BM in Composition, BM in Jazz Studies, and the BA in Music (also has the option of a writing a research paper). Students with the requirement of a senior recital as part of their degree program must submit to the undergraduate office a program of their recital signed by their teacher. Certification cannot be granted until completion of this requirement is verified.

The capstone experience for Music Therapy students is satisfied by MUS 493, Music Therapy: Internship, and for Music Education students by MUS 495, Student Teaching in Music.

General Education

General Education, or learning in breadth, is achieved through completion of MSU's Integrative Studies Program. It also includes Writing, Math, and in some cases, Language.

The writing requirement is met by the completion of one four-credit Tier I writing course during the first year. Select from Writing, Rhetoric and American Cultures: 110, 115, 120, 125, 130, 135, 140, 145, 150, 195H; and Arts and Letters 192 or 192H.

Each student must complete the University mathematics requirement by fulfilling one of the two options below:

1. Waiver through a *proctored* placement examination yielding a score which would result in placement in Mathematics 132 (calculus).

For additional information, refer to the statement on the Mathematics placement test.

2. Completion at MSU or transfer equivalent of *either*:
 - a. *One* of the following courses: Mathematics 110, 112, 116, 124, 132, 152H, 201; or Statistics and Probability 200, 201.
 - b. Mathematics 103 and 114.

Mathematics 103 and 114 combined are equivalent to Mathematics 116. The completion of Mathematics 103 and one of the courses referenced in item 2a may satisfy the University mathematics requirements.

Integrative Studies is MSU's unique approach to general education, offering courses that integrate multiple ways of knowing into an enhanced appreciation of our humanity, creativity, knowledge, and responsibilities for ourselves and our world. Integrative Studies courses introduce students to college level work and important new ways of thinking.

The Integrative Studies Curriculum

Student must complete at least eight (8) credits in each of the three broad knowledge areas.

Many of the courses in the Arts and Humanities area and in the Social, Behavioral, and Economic Sciences area, emphasize national diversity (designated "N" at the end of the course title), or international and multicultural diversity (designated "I" at the end of the course title). Some courses emphasize both national diversity, and international and multicultural diversity (designated "D" at the end of the course title). Students must include at least one "N" course and one "I" course in their Integrative Studies programs. A "D" course may meet either an "N" or an "I" requirement, but not both.

Arts and Humanities (IAH)

Biological and Physical Sciences (ISB/ISP)

Social and Behavioral Sciences (ISS)

IAH Requirement 8 credits

IAH "A" course 4 credits

IAH "B" course 4 credits

ISB/ISP Requirement 8 credits

SCHOLARSHIPS IN THE COLLEGE OF MUSIC

Scholarships are awarded upon recommendation of the faculty in recognition of musical ability and merit. These awards are made by the College of Music and are separate from other awards made by the University based on financial need. Students receiving music scholarships are expected to carry a full academic course load and perform in a major ensemble each term, make normal progress toward their degrees, and fulfill other requirements as listed on the scholarship contract. Scholarships may be renewed.

Your scholarship will be listed and deducted from your fee card at the time of billing. If your scholarship award is not listed on your bill, you should check with the undergraduate office in Room 153 Music Building.

CONFIDENTIALITY OF STUDENT RECORDS

The College of Music makes every effort to maintain student file confidentiality. The primary responsibility for this activity in the College of Music rests with the Director of Admissions, the Associate Dean for Graduate Studies, and the Associate Dean for Undergraduate Studies.

Confidential records-those dealing with medical and legal issues, complaints against faculty and/or other students, disciplinary actions such as allegations of cheating and plagiarism, financial records of students or parents, documentation naming other students-are kept within the confines of the respective Associate Dean's office in a

locked file cabinet. Access to these files is strictly limited to College of Music Administration. Pursuant to the Federal Family Educational Rights and Privacy Act, the University has established the policy of releasing only directory information to anyone who makes a request. Directory information is defined by MSU as:

- *Name
- *Local address
- *Telephone number
- *MSU Net ID
- *Permanent address
- *Permanent telephone number
- *Current enrollment status
- *Dates of information pertaining to awards and honors achievements
- *MSU degrees earned and dates
- *Recommendation to the State of Michigan for teaching certificate and effective dates
- *Participation in officially recognized MSU activities and sports-including weight and height of athletic team members
- *Recognition documents of student organizations
- *Employment status as a graduate teaching assistant, office address, and office phone number

Retroactive Changes to Academic Record

Retroactive changes to a student's academic record are not allowed except in the case of university error. An exception to this is enrollment after the end of the term of instruction. If, in contravention of the attendance policy, a student takes part and earns final grades in courses without being formally enrolled on the last class day of the term of instruction, these courses may be added to the student's academic record if the appropriate Associate Deans and the Office of the Registrar determine that an exception to the attendance policy is warranted. A Course Add Fee of \$200, in addition to the normal tuition, will be charged for each course so added. If a student adding such a course was not formally enrolled on the last class day of the term of instruction in at least one other course, a late initial enrollment fee of \$300 will also be charged.

The responsibility of maintaining and verifying accurate enrollment rests solely with the student. It is important to seek the advice of the undergraduate adviser, as he/she will help you to ascertain what courses you need to satisfy specific requirements of all College of Music degrees. You should be in regular contact with that person, at least yearly.

University Attendance Policy

No person is allowed to attend a class unless officially enrolled on a credit or non-credit basis with the appropriate fees paid. Students, who attend, participate and strive to complete course requirements without formal enrollment will not receive credit for their work.

There is no all-University regulation requiring class attendance of enrolled students. However, attendance is an essential and intrinsic element of the educational process. In any course in which attendance is necessary to the achievement of a clearly defined set of course objectives, it may be a valid consideration in determining the student's grade. It is the responsibility of the instructor to define the policy for attendance at the beginning of the course.

Final Exam Policy

During the final week of each academic semester all courses shall meet for one 2-hour period at the date and time listed in the Final Examination Policy and Schedule on the Web at www.reg.msu.edu. During summer sessions, final examinations are scheduled in the last class sessions. This period should be used for examination, discussion, summarizing the course, obtaining student evaluation of the course instruction, or any other appropriate activity designed to advance the student's education.

If an instructor requires a written report or take-home examination in place of a final examination, it shall not be due before the final examination period scheduled for that course.

Exceptions to this paragraph may be approved by the department or school chairperson, or in a college without departments, by the dean.

In the event that a final examination is deemed appropriate by the instructor, it may not be scheduled at any time other than the date and hour listed in the Final Examination Policy and Schedule.

Any deviations from the final examination schedule must be approved by the Office of the Registrar based on the recommendation of the assistant/associate dean of the college responsible for the course offering.

No student should be required to take more than two examinations during any one day of the final examination period. Students who have more than two examinations scheduled during one calendar day during the final examination period may take their class schedules to the Academic Student Affairs Office in their colleges for assistance in arranging for an alternate time for one of the three examinations.

The final examination schedule shall be systematically rotated so that the 2-hour period for each course will be scheduled at a different time each semester. This will also apply to common final examinations.

Faculty members shall schedule office hours during the final examination period (or in some other way attempt to make themselves accessible to their students) as they do in the other weeks of the semester.

Common final examinations are scheduled in certain courses with several class sections. In case of a conflict in time between such an examination and a regularly scheduled course examination, the latter has priority. The department or school giving the common examination must arrange for a make-up examination.

A student absent from a final examination without a satisfactory explanation will receive a grade of 0.0 on the numerical system; NC on the CR-NC system, or N in the case of a course authorized for grading on the P-N system. Students unable to take a final examination because of illness or other reason over which they have no control should notify the associate deans of their colleges immediately.

EVALUATION OF FACULTY

Student Instructional Rating System (SIRS)

The principal objective of the student instructional rating policy is to secure information which is indispensable to implementation of the University's policy of providing its students with instruction of the highest quality. This information is put to two principal uses: (1) providing instructors and teaching units with an accurate account of student response to their instructional practices, to the end that classroom effectiveness be maintained at the highest level of excellence; and (2) providing teaching units with one kind of information to be considered in deciding on retention, promotion, salary, and tenure, to the end that effectiveness in instruction constitutes an important criterion in evaluating the service to the University of members of the teaching faculty.

Student Opinion of Courses and Teaching (SOCT)

The following policy operates as a complement to the Student Instructional Rating System (SIRS) policy to provide selected public information for students as an aid to choosing courses.

To this end, the University Committee on Academic Policy (UCAP) has framed a set of questions that should provide the type of information that students seek. In order to facilitate the transmission of this information to the students, the following procedures are established:

1. In addition to using standard university or unit-based SIRS forms in every class each semester in compliance with the Student Instructional Rating System policy, faculty members at the rank of instructor or above are rated by Student Opinion of Courses and Teaching in all of their regular undergraduate classes.
2. The SOCT forms are online and can be completed within the last two weeks of classes.

3. Results will be disseminated in summary form, displayed by instructor and department, once per year through a Web site accessible to students and other members of the University community with the appropriate identification.

ENSEMBLE PARTICIPATION

All undergraduate students in the College of Music are required to audition for and participate in a major ensemble as designated by the College of Music. Each degree program carries specific major ensemble requirements. Be sure to follow requirements for your degree program. See your adviser if you have any questions. Do not make the mistake of seeking advice from other students or friends. Many have received incorrect information from the “grapevine.”

All undergraduate students are required to meet ensemble credit requirements as set forth in their curricula. Students must participate in a major ensemble each fall and spring semester of their enrollment.

Groups that satisfy the ensemble requirement, by area:

Classical Wind/Percussion

Symphony Orchestra
Wind Symphony
Symphony Band
Concert Band
Campus Band (if placed by audition)
Marching Band (maximum of 1 credit)

Voice

University Chorale
State Singers
Men’s Glee Club (music majors must audition)
Women’s Glee Club (music majors must audition)

Strings

Symphony Orchestra
Philharmonic Orchestra
Jazz majors
Jazz Band
Vocal Jazz Ensemble

Any of the above recognized ensembles

Ensemble Requirement by Degree Program

All students enrolled in the Bachelor of Music degree program in **Music Education** are required to participate in a major ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. Music Education majors are required to audition for and be placed into an ensemble within their specific area of expertise for 7 semesters, i.e. instrumentalists must audition for instrumental ensembles and voice majors must audition for choral ensembles. The remaining ensemble credit can be fulfilled by performing in any major ensemble listed above. Piano majors are allowed to choose from any major ensemble in the College of Music. A minimum of 8 credits in courses approved by the College of Music is required. Students may not perform in a College of Music ensemble during their student teaching semester.

All students enrolled in the Bachelor of Music degree program in **Composition** are required to participate in a major ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. Music majors must perform an audition for placement into an ensemble in order to receive ensemble

credit toward their degree. A minimum of 8 credits in courses approved by the College of Music is required. However, no more than 8 credits that are related to the major ensemble requirement may be counted toward the requirements for the degree.

All students enrolled in the Bachelor of Music degree program in **Music Performance** whose performance area is not piano are required to participate in a major ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. A minimum of 8 credits in courses approved by the College of Music is required. Performance majors are required to audition for and be placed into an ensemble within their specific area of expertise, i.e. instrumentalists must audition for instrumental ensembles and voice majors must audition for choral ensembles. Piano majors, for their two semesters of ensemble participation, are allowed to choose from any major ensemble in the College of Music. However, no more than 8 credits that are related to the major ensemble requirement may be counted toward the requirements for the degree.

All students enrolled in the Bachelor of Music degree program in **Music Therapy** are required to participate in a major ensemble as designated by the College of Music during the first 5 semesters of enrollment in the program, excluding summers. Music majors must perform an audition for placement into an ensemble in order to receive ensemble credit toward their degree. A minimum of 5 credits in courses approved by the College of Music is required. Students who are enrolled in the Music Therapy major for more than 5 semesters may elect to complete more than 5 credits in approved courses that are related to the major ensemble requirement.

All students enrolled in the **Bachelor of Arts** degree program in music are required to participate in a major ensemble as designated by the College of Music during four semesters of their enrollment in the program. Music majors must perform an audition for placement into an ensemble in order to receive ensemble credit toward their degree.

All students enrolled in the Bachelor of Music degree program in **Jazz Studies** are required to participate in a major jazz ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. Jazz majors must perform an audition for placement into an ensemble in order to receive ensemble credit toward their degree. A minimum of 8 credits in courses approved by the College of Music is required. Jazz majors are encouraged to participate in classical major ensembles as part of elective requirements for the jazz degree.

Majoring in more than one Degree Program

Michigan State University offers two options for students wishing to major in more than one major; they are a second degree and an additional major.

Second Degree

To pursue a second bachelor's degree, a student must be admitted to the second bachelor's degree program. To be granted a second bachelor's degree, a student must earn at least 30 credits in residence in addition to the credits required for the first degree and meet the specified requirements of the second college and major. A student who completes the requirements for a second bachelor's degree will receive two diplomas, one for each major.

Additional Major

With the permission of the relevant department and college, a student who is enrolled in or has completed a Michigan State University bachelor's degree program may elect to complete the requirements for an additional major. An additional major may be completed within the number of credits required for the student's bachelor's degree program or with only such additional credits necessary to satisfy the requirements for the additional major.

The additional major consists of the specified requirements of the major and, where required, of the college. A student who is interested in completing an additional major should contact the department that administers the intended additional major. The department completes a REQUEST FOR PERMISSION TO COMPLETE AN ADDITIONAL MAJOR form.

The completion of the additional major will be noted on the student's final transcript. Only the primary major of the student's bachelor's degree program will be designated on the student's diploma.

Majoring in 2 degrees within the College of Music

Obtaining a second degree or an additional major within the College of Music, i.e. primary major in performance and second degree in music education (or any similar combination) can be accomplished fairly easily, depending on the degrees sought.

Each music degree requires completion of the same core music curriculum (26 credits) and the same general education and integrative studies component. Additionally, all music degrees require completion of a performance curriculum of private lessons and major ensemble participation. The only remaining requirements are those for the specific degree programs. See an adviser in the College of Music if you might be interested in such a program.

Majoring in 2 degrees, one of which is outside the College of Music

Obtaining a second degree or an additional major outside the College of Music is also a possibility, although the courses in common with both degrees are significantly fewer, mostly occurring in the general education area.

ENROLLMENT

Enrollment in the University Undergraduate Division

All undergraduate students who have been admitted to Michigan State University with fewer than 56 credits are enrolled in the Undergraduate University Division (UUD), with the exception of lower division students who are enrolled in James Madison College, the College of Nursing, and Lyman Briggs College. The academic responsibility for all students who are enrolled in the UUD rests solely with the UUD. Academic responsibility includes such functions as monitoring students' academic progress and making decisions concerning retention and recess or dismissal. All students who are enrolled in the UUD must select and be accepted for admission to a degree granting college by the time they reach junior standing (56 credits).

Classification of Students

For purposes of enrollment and determining eligibility for certain student activities, a division of students by class is made by the Office of the Registrar at the end of each semester on the basis of the number of credits earned and according to the following schedule:

<u>Credits Earned</u>	<u>Class</u>
less than 28	Freshman
28 to 55	Sophomore
56 to 87	Junior
88 and above	Senior

Students who have matriculated at Michigan State University and have achieved junior standing (56 semester credits) may not earn credits from two-year institutions.

Students who have matriculated at Michigan State University and have not yet achieved junior standing (56 semester credits) may earn credits from two-year institutions, up to the 56-semester credit limit.

Time Limit for Completing a Bachelor's Degree

There is no time limit for the completion of the bachelor's degree. For students who have been admitted to a major, progress toward the degree shall be evaluated on an individual basis after an assessment of the student's academic record and degree requirements.

Upper/Lower Division Courses

100-299 Undergraduate Courses

Courses with these numbers are for undergraduate students. They carry no graduate credit, although graduate students may be admitted to such courses in order to make up prerequisites or to gain a foundation for advanced courses.

For information about remedial-developmental-preparatory courses, consult the *Undergraduate Education* section of Academic Programs.

300-499 Advanced Undergraduate Courses

Courses with these numbers are for advanced undergraduate students. They constitute the advanced portion of an undergraduate program leading to the bachelor's degree. A graduate student may carry 400-level courses for credit upon approval of the student's major department or school. In exceptional cases, a graduate student may petition the dean of his or her college, in writing, for approval of a 300-level course for graduate credit.

Semester Credit Load

All undergraduate programs of study require a minimum of 120 credits. Most programs are designed so that a student starting a program as a freshman may finish it in 8 semesters by satisfactorily completing an average of 15 credits a semester. In practice, students usually carry from 12 to 18 credits a semester depending on personal circumstances and the chosen program of study. Students with less than a 2.50 grade-point average (GPA) the preceding semester should not enroll for more than 15 or 16 credits except when required by the specific program. Only under unusual circumstances will a student be permitted to carry more than 20 credits.

A student with less than satisfactory academic performance may be required to take a reduced credit load as a condition of continued registration in the University.

Full Time Students

Students must carry at least 12 credits a semester in order to:

1. Participate in intercollegiate athletics.
2. Qualify for the Dean's List for the semester.
3. Qualify for most scholarships, awards, and financial aids.

Most of these are limited to undergraduate students carrying at least 12 credits a semester excluding credits for any course carried as a visitor. Students should determine the specific requirements from the appropriate agency or contact the Office of Financial Aid.

4. Be certified in full-time status to loan agencies and other external entities.

Students participating in authorized forty hour/week internships or cooperative work programs are considered full time for all the purposes listed above.

Independent Study

Each student who wishes to enroll in an independent study course (MUS 290 or 490) must complete an "Application for Independent Study," available from Bonnie Stewart in 153 MB. The form must be signed by the instructor of the course and returned to the undergraduate office before the override will be entered. After the override is complete you must enroll online for the course.

Change of Enrollment

Students are expected to complete the courses in which they register. If a change is necessary, it may be made only with the appropriate approvals as explained below.

Add and Drop Period

Students may add courses using the enrollment system through the first 1/14th of the term of instruction (the 5th day of classes in the Fall and Spring semesters). Students may drop courses using the enrollment system through the middle of the semester.

Repeating a Course

An undergraduate student who received a grade of 2.0 or above, CR, or P in a course may not repeat the course on a credit basis. An undergraduate student may repeat no more than 20 credits in courses in which grades below 2.0 were received.

Whenever a course is repeated on a credit basis, the last grade and credits earned completely replace the previous grade in the satisfaction of requirements and computation of grade-point averages. All entries remain a part of the student's permanent academic record.

Any course repeated for credit must be taken on the same grading system under which the course was taken the first time, except where standard requirements to the contrary must be satisfied in order to meet graduation requirements.

Credit by Examination may not be used to repeat a course in which a grade below 2.0 was received.

Change of Option For CR-NC (Credit-No-Credit) Grading

Choice of the CR-NC grading system must be communicated by the student to the Office of the Registrar within the first 1/14th of the term of instruction (the 5th day of classes in the Fall and Spring semesters) and may not be changed after that date.

To Add a Course After The Add and Drop Period

Normally, no course may be added after the designated period for adding courses. Any add after this period must be processed beginning with the department offering the course. Final approval rests with the associate dean of the student's college.

To Drop a Course After the Middle of the Semester

A student may drop (withdraw from) a course during this period only to correct errors in enrollment or because of events of catastrophic impact, such as serious personal illness. To initiate a late drop, the student must obtain approval from the office of the associate dean of his or her college or the Undergraduate University Division.

If the student is passing the course, or there is no basis for assignment of a grade, at the time of the drop, a **W** grade will be assigned. If failing, a 0.0 (or N in a P-N graded course) will be assigned. The course will remain on the student's academic record.

Adjustment of Fees

If the adding or dropping of courses changes the total number of credits in which the student is enrolled, an adjustment of fees is made according to the policies for assessment of fees and refund of fees shown in the section on Refund Policies.

Changing Majors

Freshmen and Sophomores: Students with 55 or fewer credits initiate changes of major preference either in the office of the associate dean of the college major or in the appropriate Undergraduate University Division Student Affairs Office noted above.

Juniors and Seniors: A student wishing to change a major in one degree college to a major in another degree college (or within the same college) must initiate the change in the office of the associate dean of the college to which the student wishes to transfer.

The student must meet the requirements for graduation given in the catalog current at the time the change is effective. Twenty credits must be completed while enrolled in the major in the college in which the degree is to be earned.

To change to any music-related degree program, an audition must be successfully performed and, in some cases, other criteria must also be met (see Academic Programs and your academic adviser). Depending on the degree sought, when changing from one major to another or adding another major within the College of Music, an audition for acceptance and/or an interview/aural exam must be completed.

Verify Enrollment

Students must check their enrollment often to be sure they are enrolled in the courses they think they are enrolled in. Each semester, after classes have ended, a number of students request that a course be added to their transcript because they were not enrolled in it, but thought they were. They attended all sessions of the course, completed all assignments, and took all exams and quizzes. They are very surprised to find out they were never enrolled in that particular course.

LESSONS

Enrolling in Lessons

Private lessons on a specific instrument or voice are required of all students seeking a degree in music. Each degree program requires a set number of credits in each level of private study. There are two levels, lower division (100 level) and upper division (300 level). Be sure you monitor the number of credits at each level.

Number of Credits

Each applied faculty member arranges their lesson schedule individually. Contact your applied instructor for information to arrange for a regular lesson time. Each student receives 15 lessons

(or time equivalent) per semester. The number of enrolled credits determines the amount of time per lesson:

1 credit	30 minutes
2 credits	40 minutes
3 credits	60 minutes

Lesson Attendance

Students are expected to attend lessons as scheduled. Unexcused absences other than those caused by illness will be rescheduled only at the discretion of the applied teacher.

Studio Assignment of New Students

All new students will have an opportunity to list their teacher preference(s) at the time of the audition or subsequently prior to enrollment.

At the end of the academic year area chairs will ask the applied teachers in their areas for a list of their students who are returning in the subsequent year.

Area chairs will communicate to applied teachers in their areas the incoming students who have requested them as teachers for their comment.

Area chairs will make a good faith effort to assign new students taking into consideration the following factors:

- student requests

- faculty load availability (if a faculty member with a full load desires to take on additional students, this is possible if that individual is willing to accept an overload); it is understood that students assigned to an individual's studio can expect a commitment from that faculty member for instruction for the duration of their degree work.
- faculty input at time of audition (area chairs will try to avoid assigning any new student to a teacher who vote to not accept that student as a music major)
- equalizing as much as possible, student ratio with regard to applied and non-applied, graduate and undergraduate

After all issues have been considered, the student must accept the faculty member assigned to them and faculty member must accept the student assigned to them.

College of Music Policy on Studio Teaching Assignments

All teaching assignments within the College of Music are ultimately the responsibility of the Dean of the College of Music.

The specific assignment of applied students to particular teachers is delegated to the respective applied area chairs.

No guarantee can be made of a specific teacher to a specific student.

In instances when problems arise, the Dean or his or her designate, will make the final decision.

In areas where there is more than one instructor per instrument or voice, each student is invited to express a choice of teachers including alternates.

The College of Music recognizes that on occasion, significant conflicts can arise between teachers and students. When such cases arise, the College will endeavor to make more compatible assignments.

When a current student desires to change a studio

- The student should speak directly with the instructor. If this is not possible the student should speak with the area chair or the appropriate Associate Dean of the College of Music.
- The area chair (or appropriate associate dean if the transfer is requested from the studio of the area chair) must be consulted. Approval must be granted for a change in studio assignment to take place. Any decision may be appealed to the appropriate associate dean or the dean of the College of Music.
- The student must speak with a prospective teacher to see if there is room available in that studio.
- The student should speak with and inform the current teacher about the reassignment.
- Reassignment takes place

When a faculty member believes there may be a need to change a teacher-student assignment, the following procedure is suggested: (There is an expectation that once assigned to a given studio, all effort will be expended to ensure that there is a positive learning experience for the student and that the student will remain in that studio for the duration of their degree work. Reassignments will take place only in the case of irreconcilable differences)

If a teacher believes that a problem is developing, it is the responsibility of the teacher to communicate this to the student outlining measures to improve the situation. At the time a decision may be made to reassign a student, it should never be a surprise to the student that the teacher perceived there was a problem.

- If a problem is irreconcilable and the current teacher desires a given student be reassigned, that teacher must consult with and gain the approval of the area chair. If the teacher in question is an area chair, he/she must consult with the appropriate associate dean of the College of Music.

- Any decision may be appealed to the appropriate associate dean/dean of the College of Music.
- Once approval is given for a change in teacher assignment, the teacher/area chair/associate dean must speak with prospective teacher to see if there is room available in that studio.
- The teacher should speak with and inform the student about this situation.
- If there are problems at this level, any party should consult the appropriate associate dean. Ultimately, teaching assignments are the responsibility of the Dean of the College of Music.

Performance Juries

Performance juries are required of each student in the College of Music. Performance areas determine the frequency of juries.

All students in the College of Music must successfully perform a barrier jury in order to advance from 100-level to 300-level lessons, and an exit jury to complete applied music requirements (Music Therapy majors are required to complete only a barrier jury).

Probation in Applied Music

If, in the judgment of the student's primary applied faculty, in consultation with the student's performance area, adequate progress is not being made in applied lessons, a student can be put on probation. The student then must successfully perform a jury in the following semester to determine whether he/she will be allowed to continue applied lessons. If this probationary jury is not successfully completed, the student will not be allowed to continue in applied lessons. In order to be re-admitted to applied study, that student must successfully complete an admission audition for the appropriate faculty.

Policy on Combining Jazz and Classical Applied Studies

Any combining of jazz and classical private lessons will be determined on an individual basis by the respective applied areas. This policy will serve to assure that sufficient attention is given to the acquisition of the necessary repertoire and skills, especially in the primary area. If a student wishes to change from classical to jazz or vice versa, an audition will be required prior to the final decision.

HONORS COLLEGE

The Honors College embodies Michigan State University's long-standing commitment to provide programs of study that attract and challenge unusually talented undergraduates. Its underlying philosophy is that carefully planned, highly individualized programs of study will meet the needs of a greater variety of academically talented students than is possible through a core curriculum of required Honors classes.

Benefits of the Honors College

Flexibility in Satisfying Requirements

Honors College members are not bound by the standard list of degree requirements to which other students are held. With the approval of their Departmental Honors Advisers, they may substitute nonstandard courses to fulfill college and major requirements, and, with the approval of an Honors College staff adviser, they may choose from literally hundreds of course offerings to fulfill their general education requirements.

Furthermore, Honors College members who are suitably prepared may bypass course prerequisites and other course restrictions.

Honors Course Offerings

Honors courses and sections are offered especially for Honors College members. Usually, these classes are much smaller than their non-Honors counterparts. Material is usually covered in greater depth, and there is more classroom interaction in general. The pace is faster and more challenging, since students are surrounded by other students of the same caliber and, often, the same interests.

Descriptions of the Honors courses and sections offered each year, as well as descriptions of some of the Honors Option projects available, are printed in the *Bulletin of Course Descriptions* (<http://www.msu.edu/unit/honcoll/Bulletin.html>).

Graduate Course Enrollment

Honors students may enroll in graduate courses, which count as Honors components of the undergraduate degree program.

Enrollment Priority

Honors College members are allowed to enroll for classes on the first day of each enrollment period, before most other students. This privilege allows Honors students easy access to all courses, even those which are in high demand and normally fill up quickly.

Admission to the Honors College

Incoming Freshmen

High school students who apply to and are accepted at Michigan State are invited to join the Honors College if they meet the following criteria:

- They are in the top 5% of their high school graduating class AND
- They have either an ACT composite score of at least 30 or an SAT total score of at least 1360 (Critical Reading and Math sections only).

Those who do not meet, but come close to, these standards are screened by the Honors College admissions committee and may be asked to submit additional information before being considered for Honors College membership.

Current Students

Students who do not enter Michigan State as Honors College members may apply for membership if they achieve a grade point average of at least 3.50 at MSU. Freshmen may apply during the second semester of their first year to be accepted as sophomores. Students may apply later, but those with fewer than four semesters remaining at MSU are normally not considered for membership. Meetings for prospective HC applicants are held every year at the end of January.

Transfer Students

Transfer students who have earned a grade point average of at least 3.50 at MSU may apply for Honors College membership after one semester in attendance at Michigan State.

Advising in the Honors College

Advising is an important aspect of the Honors College. Developing individualized programs of study requires that Honors College members keep in close touch with advisers both on the Honors College staff and in their major departments. With the help and approval of these advisers, Honors students can take maximum advantage of the flexibility they are allowed in filling degree requirements.

Departmental Honors Advisers

Honors College members who have chosen a major preference are assigned to specially designated Honors advisers in their major departments. Over 200 faculty members serve as Departmental Honors Advisers, who are responsible for approving any nonstandard courses that Honors College members take to fill college and major requirements.

Honors College students in the College of Music are advised by the Associate Dean for Undergraduate Studies. Honors College students are required to complete Academic Progress Plans as part of their contract with the university and are notified by the Honors College when APPs are due. At that time students are requested to see their academic adviser and plan courses for the next semester/year. Please contact Bonnie Stewart (stewar27@msu.edu) to set up an advising appointment with the Associate Dean for Undergraduate Studies.

To graduate as a member of the Honors College, a student must complete at least eight Honors-caliber experiences and be a member in good standing at the time of graduation. For students completing a second degree, which includes completing an additional 30 credits beyond those required for the first degree, two additional Honors-caliber courses are required for the second Honors degree. Honors experiences can be Honors Courses, Honors Sections, or Honors Options.

Honors Experiences

Honors Courses

Many departments offer Honors courses especially for Honors College members. Often these classes are much smaller than their non-Honors counterparts; some are designed specifically for Honors students and have no non-Honors counterpart. Material is usually covered in greater depth than in non-Honors courses, and there is more classroom interaction in general. The pace is faster and more challenging, since students are surrounded by other students of the same caliber and, often, the same interests.

See the *Bulletin of Course Descriptions* (<http://www.msu.edu/unit/honcoll/Bulletin.html>) for details on offerings of Honors courses. (Honors courses are designated by an "H" after the course number.)

Honors Sections

In some multi-section courses, one (or more) section may be designated an Honors section. Like Honors courses, these classes are usually smaller than their non-Honors counterparts, move more briskly, and involve more classroom interaction.

See the *Bulletin of Course Descriptions* (<http://www.msu.edu/unit/honcoll/Bulletin.html>) for details on offerings of Honors sections.

Honors Options

A student may wish to complete an Honors Option in a class that is not already designated as Honors. An H-Option entails working with the professor to develop a project of interest to the student. Some common H-Options have included writing research papers, performing computer simulations, and teaching a class for one lecture period. In the College of Music, all courses are available as honors options. Students should consult the instructor of the course to obtain permission to complete an honors option for that course.

Student Teaching

The MSU Music Student Teaching program is a one-semester program, designed to give students the opportunity to teach in a classroom setting while still in school. It will help students to bridge the gap between their years of formal university training and the "real world" of schools. This is an opportunity for students to take the skills that they have learned in the college classroom and to apply them in a school setting, helping them to develop their own personal "style" of teaching.

Acceptance into the MSU Student Teaching Program

Students must be accepted to the College of Education, have Advanced Standing in music education, and be a music education major in good standing to be permitted to student teach. Student teaching placements are made in consultation with the Student Teaching Coordinator, and every attempt will be made to place each student teacher in the best possible setting.

Students must have successfully completed the appropriate methods course for the intended placement. For example, to student teach in instrumental (band) music, MUS455: Teaching Instrumental Music, must be taken and passed.

MUS495: Student Teaching Seminar, is required of all student teachers. The seminar meets every Wednesday from 4:00-5:30pm during the student teaching semester. Students are also required to enroll in either TE801 (Fall student teachers) or TE803 (Spring student teachers) during your student teaching semester. Student teachers may not take any other courses during the student teaching semester.

MSU student teaching placements will not be made in schools more than 50 miles away from campus. The only exceptions to this policy are cases of extreme financial or family hardship, and will be handled on a case-by-case basis. Contact the Coordinator of Student Teaching with any questions regarding this policy.

To apply, please fill out the student teaching application form, attach a resume, and a current MSU transcript and return all the required items to Dr. Robinson in room 208 MPB.

ACADEMIC DISHONESTY

The following statement of University policy was approved by the Academic Council and the Academic Senate, and serves as the definitive statement of principle and procedure to be used in instances of academic dishonesty.

The principles of truth and honesty are recognized as fundamental to a community of teachers and scholars. The University expects that both faculty and students will honor these principles and in so doing protect the validity of University grades. This means that all academic work will be done by the student to whom it is assigned, without unauthorized aid of any kind (see General Student Regulation 1.00, Scholarship and Grades, for specific regulations).

Instructors, for their part, will exercise care in the planning and supervision of academic work, so that honest effort will be positively encouraged.

If any instance of academic dishonesty is discovered by an instructor, it is his or her responsibility to take appropriate action. Depending on his or her judgment of the particular case, he or she may give a failing grade to the student on the assignment or for the course.

In instances where a failing grade in a course is given only for academic dishonesty, the instructor will notify the student's academic dean in writing of the circumstances. The student who receives a failing grade based on a charge of academic dishonesty may appeal a judgment made by a department, school, or a college. Refer to Academic Freedom for Students at Michigan State University.

When in the judgment of the academic dean, action other than, or in addition to, a failing grade is warranted, the dean will refer the case to the college-level hearing board, which shall have original jurisdiction. In cases of ambiguous jurisdiction, the appropriate judiciary will be randomly selected by the Assistant Provost from one of the three core colleges. Appeals from the judgment may be made to the All-University Academic Integrity Review Board. Refer to Academic Freedom for Students at Michigan State University.

In instances of academic dishonesty where the instructor feels that action other than, or in addition to, a failing grade in the course is warranted, the instructor will report the case to his or her departmental or school chairperson and to the student's academic dean. The dean will then refer the case to the college-level hearing board, which shall have original jurisdiction. Refer to Academic Freedom for Students at Michigan State University.

GRIEVANCE IN THE COLLEGE OF MUSIC

The "Academic Freedom for Students at Michigan State University" (AFR) and the "Graduate Student Rights and Responsibilities at Michigan State University"

(GSRR) documents establish the rights and responsibilities of MSU students and prescribe procedures for resolving allegations of violations of those rights through formal grievances. In accordance with the AFR and the GSRR, the College of Music has established the following procedures for adjudicating student academic grievances. These grievance procedures also can be used to resolve disputes regarding allegations of academic dishonesty and violations of professional standards. (See AFR 2.4.2, 2.4.4.1, 2.4.4.2, 2.4.6, 2.4.6.2, 2.4.8 and 2.4.9; GSRR 5.1.1, 5.1.2 5.1.3 5.3.2. 5.3.5, 5.4.1, and 5.5.2.)

Students may not request a grievance hearing to grieve dissatisfaction with the competence of instruction. (See AFR and GSRR 2.2.1 and 2.2.2.)

A student who believes an instructor, including a graduate teaching assistant, has violated her or his academic rights should first attempt to resolve the dispute in an informal discussion with the instructor. (See AFR 2.4.2; GSRR 5.3.1 and 5.3.2.)

Students may not seek redress through a grievance hearing regarding alleged incompetence of instruction. (See AFR 2.2.1 and 2.2.2; GSRR 2.2.1 and 2.2.2.)

If the dispute remains unresolved after discussion with the instructor, the student should consult the Chair of his/her respective applied or academic area in which the dispute occurred, the appropriate Associate Dean of the College of Music (graduate or undergraduate), and/or the University Ombudsman for assistance. (See AFR 2.4.2; GSRR 5.3.2.)

College of Music

Studio Protocol regarding Physical Contact

The College of Music faculty and administration are committed to providing the best possible educational experience for every student enrolled in a music course. Music learning takes place in a variety of ways, but all students in each music degree program have the curricular requirement to enroll in private music lessons. Private lessons constitute an integral part of the college music major experience. The nature of private lessons is unique in that it establishes a regular one-to-one teaching model. It is very much a "power" relationship.

At times, presentation of pedagogical concepts may require a certain amount of physical contact between faculty and student, including issues of breathing, posture, positioning of an instrument, sound projection, stage presence, etc. Demonstrations of this kind can be very illuminating and edifying.

Each student responds to physical touching in a different manner; some are very comfortable with it, while others may feel very ill at ease with physical contact of any sort. Additionally, the teaching style of applied faculty members can vary dramatically concerning physical contact, from no contact whatsoever to frequent touching in an effort to demonstrate specific pedagogical concepts.

If a student has a concern or question about any physical contact between him/her and the teacher, that student should voice the concern to the teacher or ask if there might be another method of demonstrating the pedagogical concept. This may take the form of a direct response informing the instructor that the student is uncomfortable with the physical contact and that the contact be curtailed. If the student is uncomfortable speaking with the instructor, the concern could be put in writing via a note or email to that instructor. Another suggestion might be to have a third party (accompanist or other student) present during lessons. At no time should a student feel threatened or uncomfortable in an applied lesson regarding the issue of physical contact. Asking questions or voicing any concern of this manner cannot affect a student's grade.

If the student is apprehensive about approaching the instructor regarding any uncomfortable physical contact in an applied lesson, that student should speak with the Associate Dean for Undergraduate Studies, the Associate Dean for Graduate Studies, or the Dean of the College of Music. It is important that private lessons maintain an educational atmosphere that is instructive, supportive, and professional.

MICHIGAN STATE UNIVERSITY SEXUAL HARASSMENT POLICY

Michigan State University is committed to maintaining a learning and working environment for all students, faculty, and staff that is fair, humane, and responsible — an environment that supports career and educational advancement on the basis of job and academic performance. Sexual harassment subverts the mission of the University and offends the integrity of the University community. It is reprehensible and is not tolerated at Michigan State University.

Sexual harassment is a form of unlawful gender (sex) discrimination. It may involve harassment of women by men, harassment of men by women, and harassment between persons of the same sex. Sexual harassment is made unlawful by Title VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, and Michigan's Elliott-Larsen Civil Rights Act. The University and the law also prohibit retaliation against persons who complain about alleged sexual harassment or who cooperate in an investigation of reported sexual harassment.

This Policy applies to all members of the University community — faculty, staff, and students.

PROHIBITION

Members of the University community shall not engage in sexual harassment. Persons who do so are subject to disciplinary action, up to and including discharge for employees and suspension for students.

DEFINITION

What is Sexual Harassment?

“Sexual harassment” means unwelcome sexual advances, unwelcome requests for sexual favors, or other unwelcome behavior of a sexual nature when:

submission to such behavior is made, explicitly or implicitly, a term or condition of an individual's employment or status in a course, program, or activity; or

submission to or rejection of such behavior is used as a basis for a decision affecting an individual's employment or participation in a course, program, or activity; or

such behavior is so severe, persistent, or pervasive that a reasonable person would find that it alters the terms or conditions of a person's employment or educational experience, or unreasonably interferes with an individual's work or performance in a course, program, or activity, thus creating a hostile or abusive working or educational

environment. Sexual harassment involves unwanted sexual attention. However, a person's subjective belief that behavior is offensive does not make that behavior sexual harassment. The behavior must also be objectively unreasonable.

The determination as to whether behavior is sexual harassment must take account of the totality of the circumstances, including the nature of the behavior and the context in which it occurred. Sexually harassing conduct often involves a pattern of offensive behavior. However, a single instance of assaultive, physically threatening, or other especially abusive behavior may constitute sexual harassment.

Examples of Sexual Harassment

Many kinds of behavior may fit within the preceding definition of sexual harassment. The following list is not exhaustive.

- sexual assault
- threats or insinuations which lead the victim reasonably to believe that granting or denying sexual favors will affect her or his reputation, education, employment, advancement, or standing within the University
- sexual advances, sexual propositions, or sexual demands which are not agreeable to both parties
- unwelcome and persistent sexually explicit statements or stories which are not legitimately related to employment duties, course content, research, or other University programs or activities
- repeatedly using sexually degrading words or sounds to describe a person
- unwanted and unnecessary touching, patting, hugging, or other physical contact
- recurring comments or questions about an individual's sexual prowess, sexual deficiencies, or sexual behavior

Speech and expressive conduct can be sexual harassment. However, this Policy shall not be interpreted to abridge First Amendment rights or to infringe academic freedom, as defined in the Faculty Handbook, the Faculty Rights and Responsibilities policy, and the document entitled Academic Freedom for Students at Michigan State University.

Behavior of a sexual nature that is not sexual harassment may nonetheless be unprofessional in the workplace or disruptive in the classroom and, like other unprofessional or disruptive behavior, could warrant discipline.

VIOLATIONS

Seeking Information on Sexual Harassment

A member of the University community who seeks information regarding sexual harassment and this Policy may contact:

- Women's Resource Center staff
- the Anti-Discrimination Judicial Board Coordinator
- the Director of the Office for Inclusion and Intercultural Initiatives
- the administrator in charge (e.g., chairperson, director, dean, vice president) of the relevant academic or support unit
- the Faculty Grievance Official
- the Coordinator of the Employee Assistance Program
- the Associate Dean for Graduate Student Welfare
- the Director of Human Resources
- the Director or the Coordinator of Sexual Assault Safety Education of the MSU Counseling Center
- University Undergraduate Division staff
- the Ombudsman
- Residence Hall Directors
- the Director of Student Life
- the Director of the Student Employment Office

Complaining about Sexual Harassment

A member of the University community who wishes to complain about sexual harassment by an employee or student of the University should take the following action:

If the alleged harasser is a faculty or staff member, the complaint should be made, orally or in writing, to the alleged harasser's unit administrator or to the Director for the Office for Inclusion and Intercultural Initiatives.

If the alleged harasser is the unit administrator, the complaint should be made, orally or in writing, to the unit administrator's superior or to the Director for the Office for Inclusion and Intercultural Initiatives.

If the alleged harasser is a student, the complaint should be made to the Office of Judicial Affairs, Division of Student Affairs and Services

For the University most effectively to investigate and respond to alleged sexual harassment, the complaint should be made as promptly as possible after the alleged sexual harassment occurs.

A member of the University community who believes that she or he has been sexually harassed may also elect to file a complaint with the Anti-Discrimination Judicial Board for violation of the University's Anti-Discrimination Policy or to file a grievance against the alleged harasser under applicable University procedures. The submission of such a complaint or grievance does not affect the University's ability to take disciplinary or other administrative action even though the complaint or grievance is still pending.

Reports of sexual assault and other crimes should be directed to the University's Department of Police and Public Safety, regardless of whether the matter is also reported as sexual harassment.

Processing Complaints

Complaints of alleged sexual harassment made to the Office of Judicial Affairs, Division of Student Affairs and Services, will be processed under the applicable student disciplinary code.

Complaints of alleged sexual harassment made to the Director of the Office for Inclusion and Intercultural Activities will be referred to the unit administrator of the alleged harasser or, if the alleged harasser is the unit administrator, to the unit administrator's superior.

Complaints made or referred to the unit administrator of the alleged harasser or the unit administrator's superior will be processed by those individuals.

Each complaint of sexual harassment must be evaluated with reference to the pertinent circumstances. On occasion, a complaint will be resolved informally. Other complaints will result in investigations, including interviews and the review of documentary material. Both the complainant and the alleged harasser will be notified of the outcome of an investigation. If an investigation results in a determination that sexual harassment has occurred, the University will take remedial, including, where appropriate, disciplinary, action.

In processing sexual harassment complaints, the responsible administrator will normally confer with the Office of the General Counsel and academic or human resources administrators. Guidelines for investigating allegations of sexual harassment are available to administrators.

Members of the University community are expected to cooperate in investigations of alleged sexual harassment by University officials.

Sexual Harassment by Third Parties

If a University student believes that she or he has been sexually harassed in a University academic program by an individual who is not a University employee or student, the student should report the alleged sexual harassment to the unit administrator (department chair or dean) responsible for that academic program or to the Director of the Office for Inclusion and Intercultural Activities.

If a University employee (including a student employee) believes that he or she has been sexually harassed within the scope of his or her employment activities by an individual who is not a University employee or student, the University employee should report the alleged sexual harassment to his or her supervisor or to the Director of the Office for Inclusion and Intercultural Activities.

If the University determines that a third party has sexually harassed a University student in a University academic program or a University employee within the scope of her or his employment, the University will take corrective action. Individuals who are not students or employees of the University are not subject to discipline under the University's internal processes, however.

A member of the University community who believes that he or she has been sexually harassed by a University contractor in the execution of a University contract or engagement may also elect to file a written complaint with the Anti-Discrimination Judicial Board for violation of the University's Anti-Discrimination Policy.

Confidentiality

To the extent permitted by law, the confidentiality of all persons involved in a sexual harassment investigation or complaint will be observed, except insofar as information needs to be disclosed so that the University may effectively investigate the matter or take corrective measures.

Retaliation

Persons who complain about sexual harassment, or who cooperate in the University's investigation and handling of sexual harassment reports or complaints, shall not be subject to retaliation for complaining or cooperating, whether or not the University finds that there was sexual harassment. If a complainant or witness believes that she or he is being subjected to retaliation, she or he should promptly contact the Director of Human Resources (staff), the Assistant Provost/Assistant Vice President for Academic Human Resources (faculty and academic staff), the Assistant Vice President for Student Affairs (students), or the Director of the Office for Inclusion and Intercultural Activities (faculty, staff, or students).

False Complaints

Any member of the University community who knowingly files a false complaint of sexual harassment, or who knowingly provides false information to or intentionally misleads University officials who are investigating a complaint of alleged sexual harassment, is subject to disciplinary action, up to and including discharge for employees and suspension for students.

OTHER RELEVANT UNIVERSITY POLICIES

Since sexual harassment is a form of unlawful gender discrimination, a member of the University community who violates this Policy also violates the University's Anti-Discrimination Policy.

Other University policies relevant to behavior of a sexual nature by members of the University community include Conflict of Interest in Educational Responsibilities Resulting from Consensual Amorous or Sexual Relationships, Conflict of Interest in Employment, Article 2.00 of the General Student Regulations, Article 3.00 of the Graduate and Undergraduate Residence Hall Regulations, and Ordinance 22.00.

POLICY OF COMBINING JAZZ AND CLASSICAL APPLIED STUDIO

The policy regarding any combining of jazz and classical applied lessons is that this matter should be handled individually by the principal teachers involved e.g. the jazz bass professor and the classical bass professor in the case of a bass player. This policy will serve to assure that sufficient attention is given to the acquisition of the necessary repertoire and skills, especially in the primary area. If a student wishes to cross over from classical to jazz, or vice versa, it will be done through audition prior to the final decision.
