### **PRACTICE ROOMS**

Practice rooms in the Music Building and the Music Practice Building are available to enrolled students during building hours (see above). Private teaching in these rooms is not allowed. There are several practice rooms reserved for piano practice by music majors whose primary instrument is piano. See the chair of the Piano area to obtain access to them.

There is a 15-minute vacancy limit. If a student is absent from a practice room for more than 15 minutes—whether or not personal belongings remain in the room--that room may be taken by another student.

**IMPORTANT**-do not leave valuables (including instruments) unattended at any time in practice rooms or anywhere in the College of Music. Personally-owned instruments are not insured through MSU. Students may want to check with their homeowner insurance provider for information on coverage for instruments “away from premises.” In some cases, it may be possible or desirable to purchase through parents’ homeowner’s insurance a rider that will cover an expensive musical instrument while it is away from home. If a theft occurs, contact the University Police immediately and report the incident to the Director of Administrative Services, Gregg Bloomfield ([bloomf17@msu.edu](mailto:bloomf17@msu.edu)).

## **LOST AND FOUND**

Lost and Found is located in the Main Office of the College of Music, Room 102 Music Building.

## **LOCKERS-RULES AND FEES**

Lockers are University property rented to students for \$20.00 (non-refundable), while in the College of Music. These lockers are for your convenience. All lockers are issued on a first-come, first-served basis. However, music majors get first preference over non-music majors.

A key or combination is issued with the locker. If your key or combination lock is lost or stolen, there will be a \$30.00 replacement fee. Lockers are assigned based on main instrument size and availability. Lockers are located in the Music Building and Music Practice Building. Any falsified information will result in the loss of your locker.

The College of Music reserves the right to have access to all lockers and storage facilities on the premises.

All keys must be returned to the College of Music by the end of Spring Semester of each year. If you are not enrolled for the Summer Semester, you will need to obtain approval from your applied instructor. That approval must be forwarded to the Facilities.

Failure to return locker keys will result in an enrollment hold being placed on your account. Contents left in the locker after the last day of classes will be removed and held for 30 days. Items not claimed after 30 days will be sent to Salvage.

## **KEYS**

The Main Office staff in Room 102 Music Building is available to open any room or piano, if necessary, during regular business hours (8:00 AM to 5:00 PM).

During non-business hours or weekends, sign out the necessary key(s), for a \$20 cash security deposit by 4:45 PM. Keys will not be issued until the deposit is paid.

In connection with performances in the Cook Recital Hall, the key to the Green Room (126 Music Building) may be checked out; a reception room (classroom) may be available also. The Green Room must be cleared out at the end of the recital. Furniture should never be removed from the Green Room. Failure to comply may result in your immediate loss of the use of space.

Keys are to remain with the person to whom they are assigned.

Keys must be returned by the 2nd business day after use to the Main Office, Room 102 Music Building. An enrollment hold will be placed on your records, if the key/keys are not returned in a timely manner. In addition, your security deposit may be claimed, if keys are not returned before the 2nd business day after the recital/rehearsal.

## **ROOM USE FOR RECORDING**

The Cook Recital Hall and Hart Recital Hall are the two principle venues for degree-required recitals, both graduate and undergraduate, and therefore must be set aside for that activity. However, there are times when a quality recording is necessary for numerous reasons. Scheduled recording sessions are therefore allowed in the two performance venues for the following purposes:

- Job applications/auditions
- Graduate school applications
- Competitions
- Applications/auditions for summer programs/festivals

For other purposes, such as CD projects for personal use, classrooms are available in the College of Music, or it may be desirable to investigate the possibility of off-campus sites.

Recording sessions in Cook Recital Hall and Hart Recital Hall may be scheduled if these required conditions are met:

- Restricted to after 10:00 p.m. until the posted time of building closure (12:00 midnight M-F, 11:00 p.m. Sat/Sun)
- No more than two hours of duration for each session
- Maximum of two sessions per student per semester

- A faculty signature is obtained for each recording session, including those that are using Recording Services

Recording sessions may be scheduled two weeks prior to the recording session. A new Recording Session Request Form must be submitted to the main office for each session.

Recording may be done by College of Music Recording Services or by an outside recording agent as the performer wishes. Recording setup time needs to be planned for when scheduling time in the hall.

## **RECITAL /REHEARSAL SPACE IN THE COOK RECITAL HALL AND HART RECITAL HALL**

Review the [Venue Calendars](#) site or visit the Main Office for assistance before submitting a [Scheduling Request form](#) after receiving confirmation for recital date, time, and location but no more than 14 days in advance of recital date.

For non-required recitals, you may reserve the performance venue for up to two (2) hours for rehearsals.

One additional hour within 24 hours of the performance date may be scheduled if space is available.

A recital involving a large or complicated set-up may be allowed extra time on the day of the performance. Contact Gregg Bloomfield ([bloomf17@msu.edu](mailto:bloomf17@msu.edu)) to get your set-up time added to the schedule. Advance scheduling may be requested by faculty members for Percussion and Jazz recitals to occur on specific days, allowing for reduced setup time.

## **PIANO USE POLICY IN THE COOK RECITAL HALL AND HART RECITAL HALL**

Purpose: to provide access to a high quality concert piano for public performances to students, faculty, and guests. A high quality concert piano is expensive and relatively fragile. Limiting its availability to only public performances and equivalent use is intended to preserve the pianos' readiness for performance. This will benefit all performers and all performances.

General Rules:

Both Cook Recital Hall pianos will be locked and Cook and Hart pianos covered after each use. Students and faculty will not give or lend keys for the performance piano to others.

Situations not covered explicitly by these rules will be interpreted by staff based on the guidelines set forth in this policy document.

Students violating these rules will lose the privilege of using the piano. These rules are posted in large print backstage in the Cook Recital Hall.

Students are asked to view the following YouTube video for proper piano handling:  
Piano Handling in Cook Recital Hall: <http://youtu.be/CkV54IDYwyQ>

"Prepared Piano" Rules:

A prepared piano is defined as any activity involving affixing labels, marking or inserting foreign objects into the piano or manipulating the strings other than through the keyboard. Before a College of Music piano may be used for prepared piano purposes, approval and instructions must be obtained from the Piano Technology staff.

The piano may be used for rehearsal or public performances involving a prepared piano. Following the rehearsal or performance all labels, markings, and other objects (as approved by the Piano Technology staff) will be completely and promptly removed, leaving no permanent traces in the piano.

## **TICKETS FOR COLLEGE OF MUSIC EVENTS**

There is no charge for attending College of Music concerts (with some exceptions) to enrolled students. Admission will be granted by showing a current student ID.

## **IV. ACADEMIC POLICIES AND PROCEDURES**

### **Admission to the College of Music**

The College of Music offers undergraduate programs leading to the degrees of Bachelor of Music and Bachelor of Arts; each of those programs have been accredited by the National Association of Schools of Music.

In addition to meeting the requirements for admission to the University, acceptance into an undergraduate program in the College of Music requires satisfactory performance on a major instrument or in voice as determined by audition.

Candidates who wish to major in composition must submit a portfolio for review and approval by the area faculty.

Transfer credit in music theory and music performance is validated by examination. Transfer credit in other music courses must have the approval of the College of Music.

### **Music Theory Validation Exams**

A course of study in music theory is required of each student in the College of Music. Each entering freshman and transfer student has the one-time opportunity to take a waiver exam and place out of one or more semesters of written music theory and/or ear training. This exam is offered by the music theory area 2 days before the first day of fall semester.

Any entering student, regardless of previous music theory training, may attempt all or part of the waiver exam. The exam is optional, though; a student may elect to skip the waiver exam and take the entire course sequence in music theory from the beginning. However, students with a strong theory background are encouraged to attempt the waiver exam in order to ensure that they begin in the courses most appropriate to their existing knowledge.

Regardless of how much previous music theory coursework s/he has had, any freshman or transfer student may elect to take all or part of a combined waiver exam for MUS 180, 182, 181, 280, and 281. The exam is offered in a single, 2-hour block. The exam is clearly sectioned into groups of questions pertaining to each course. Students who take the exam will be notified before the start of the fall semester about whether they have waived out of one or more courses. Students must take a written theory course either before or concurrently with its corresponding aural skills course. So, for example, a student who passes out of MUS 182 (first-semester aural skills) and MUS 183 (second-semester aural skills), but not out of any written music theory courses, must wait until s/he has completed MUS 180 (first-semester music theory) and MUS 181 (second-semester music theory) before enrolling in MUS 282 (third-semester aural skills).

### **Advanced Placement Exams for General Education**

Students can receive credit through Advanced Placement (AP), International Baccalaureate (IB) Diploma Program, College-Level Examination Program (CLEP), and International A Level examinations. Strong scores may allow for a course waiver or course credit.

#### Advanced Placement (AP) Examinations

High school students can receive credit through AP examinations. Scores should be sent directly to the Office of Admissions and Scholarships from the testing agency.

### International Baccalaureate (IB) Diploma Program

High school students can receive credit through IB Diploma Program. Scores should be sent directly to the Office of Admissions and Scholarships from the testing agency.

### College-Level Examination Program (CLEP)

Individuals who have completed CLEP examinations must submit an official CLEP exam report for all exams taken prior to enrollment at Michigan State. Scores must be sent directly to the Office of Admissions and Scholarships from the testing agency. No credit will be awarded for CLEP examinations taken after the student's first enrollment at Michigan State University. Credit earned through CLEP will be awarded in chronological order along with other credit-granting examination programs (AP, IB, etc.) and/or course work completed at recognized postsecondary institutions. Credit awarded may not exceed 60 total semester hours.

### International A Level Examinations

Students can receive credit through the International A Level examinations. Scores must be sent directly to the Office of Admissions and Scholarships from the testing agency.

## **Transfer Courses and Credit**

Acceptance of courses and credits deemed suitable for transfer to MSU is determined by faculty in the department, school, or college responsible for instruction in the subject area. For current course equivalencies, visit: <http://transfer.msu.edu>. This website is also useful for students wishing to take courses at another institution. It will assist in determining whether a course at that institution will or will not transfer.

MSU students may attend other institutions as *Guest Students* or *Non-matriculated Students* for short periods, either during the regular academic year or in the summer, for the purpose of earning credit for transfer to Michigan State University.

Students planning to attend accredited Michigan institutions should use the Michigan Uniform Undergraduate Guest Application form available on the Web at [www.reg.msu.edu](http://www.reg.msu.edu). Students who wish to attend non-Michigan institutions should obtain application forms from the host institution. The completed form should be taken to the host school.

Credits for courses in which passing grades are earned of any designation less than "C" (2.0), such as C minus (less than 2.0), are *not* acceptable in transfer. Effective Fall 2006, a minimum of 2.0 must be earned in each course in order for the credit to be transferred to Michigan State University.

Michigan State University students beyond sophomore standing may not earn credit in two-year institutions for transfer to Michigan State.

## **Academic Advising**

Each student is responsible for knowing University, college, and department or school requirements as stated in the catalog and in college and department or school printed materials. To assist the student in interpreting policies and requirements, academic advisement is provided through the colleges and the Neighborhood Student Success Collaborative. Students are strongly encouraged to consult regularly with their Academic Adviser in the College of Music. Students may also check progress to their degree by using Degree Navigator, available at <http://www.degnav.msu.edu>. In the College of Music, the Director of Undergraduate Student Affairs has the responsibility for advising all undergraduate students, including Honors and non-Honors College students. To make an advising appointment please go to <https://msu.campus.eab.com/>

Students are required to fulfill only the degree requirements in effect at the time they are admitted to one of the degree granting colleges of the University (normally this will be the third year on campus). The Undergraduate Committee must approve any deviation from the curriculum. Any subsequent changes in degree requirements adopted by the faculty may not be enforced on students already enrolled. All new students should obtain from the Director of Undergraduate Student Affairs of the College of Music a current copy of the curriculum in which they are enrolled.

**Honors College:** Students whose academic record is outstanding may be invited to become members of the Honors College. The College of Music offers many honors opportunities, primarily through honors options, in various classes. See the Director Of Undergraduate Student Affairs for more information.

## Degree Coding

Each degree program in the College of Music has an assigned code number, which identifies it to the university. Check to be sure your degree coding is correct. Listed below are the codes for all undergraduate music degrees.

Degree	Primary	Add'l major	Second Degree
BM in Performance	7312	7313	7314
BM in Music Education	7309	7310	7311
BM in Composition	7303	7304	7305
BM in Jazz Studies	7319	7320	7321
BA in Music	7300	7301	7302
Minor in Piano Pedagogy for piano performance majors			7342
Jazz Minor for performance or music education majors			7339
Minor in Music			7341

## Credits to Degree

All undergraduate degree programs in the university require a minimum of 120 semester credits; some music degrees require more than the university minimum. Listed below are the minimum credit requirements for the various music degrees:

Bachelor of Arts in Music	120 credits
Bachelor of Music in Performance	120 credits (voice majors: 120-132 credits)
Bachelor of Music in Music Education	128-146 credits
Bachelor of Music in Jazz Studies	120 credits
Bachelor of Music in Composition	120 credits

## Piano Proficiency – Requirement for Piano Minor

Students in the Bachelor of Music in Performance and the Bachelor of Music in Composition are required to complete a minimum of 2 credits of MUS 150M at one credit per semester. They will receive a 30 minute lesson once a week. Any credits over two (2) will not count towards the degree. In order to enroll in MUS 150M they must have completed, or waived through examination, the class piano proficiency at the keyboard. The curriculum consists of basic technique, repertoire, accompanying, and sight-reading.

The course grade will be based, in part, on attendance, preparation, and progress. In order to complete the piano minor requirement the student must successfully perform a piano proficiency exam. This exam will be graded on a pass/fail basis and will not affect the student's grade in MUS 150M. Successful completion of the piano proficiency exam is a graduation requirement for piano minors.

The piano proficiency exam, in the case of students who have had considerable piano background, may be used as a waiver for all piano minor requirements if passed (student will be expected to play everything required in the piano proficiency exam). The piano proficiency as a waiver must be completed before the first semester of scheduled piano study. The waiver exam should be scheduled on an individual basis with the Keyboard Area. The waiver exam must be completed during the first week of classes, before the end of the Add period.

Students will take a placement exam before beginning any piano courses; the placement exam will determine the appropriate placement in MUS 141, 142 or 150M. If a student chooses to enroll without taking the placement exam, they may only enroll in MUS 141. The piano proficiency exam may only be taken while the student is enrolled in MUS 150M.

#### TECHNIQUE

All major and harmonic minor scales. Hands together, parallel motion a minimum of two octaves. Scales must be performed in rhythmic groups of two, mm.80. Major and minor triad arpeggios in all keys, root position only. Hands together, parallel motion, four octaves. Arpeggios must be performed in rhythmic groups of two, mm.60.

#### REPERTOIRE

##### I. Keyboard composers before 1770

Little preludes or two-part inventions of J. S. Bach; or similar contrapuntal works by other composers.

##### II. Classical Period

Sonatinas or short sonatas of Haydn, Mozart, Beethoven, Kuhlau, Clementi or other composers in this period.

##### III. Romantic, Impressionistic and Contemporary Periods

Bartok, Kabalevsky, or Prokofiev children's pieces; Schumann, Album for the Young; easy works of Satie, Ravel, Debussy; other works of similar difficulty.

##### IV. Accompaniment

The student should work on accompaniments to compositions for the student's major instrument.

The voice major must be able to sing and play his/her own accompaniment.

##### V. Sight-reading

Material should be chosen from school song books, hymns, easy four-hand music, and accompaniments in the student's performance field.

#### JURY EXAMINATION

A jury examination, including technique, repertoire (two compositions chosen from I-III on the above list), and sight-reading, will be required at the completion of each semester of study. The jury will be considered the final exam. The faculty/graduate students present will provide the student with written comments as well as a grade. The averaged jury grade will constitute 25% of the student's grade in the course.

Memorization is recommended but not required. Students playing from music must use original copies. Students must be prepared to perform complete movements.

#### THE PIANO PROFICIENCY EXAM

This exam will be administered on a pass/fail basis during the second semester of MUS 150M. The student must prepare all techniques listed above as well as one piece from each group I-IV. The accompaniment (a composition for the student's major instrument) must be performed as an ensemble except in the case of voice. The voice major must play/sing his/her own accompaniment. Sight-reading will be an integral part of

the exam and will be at a level consistent with the student's abilities. Memorization is recommended but not required. Student's playing from music must use original copies. Students must be prepared to perform complete movements.

In the event that the student does not pass this exam they may retake it but must play different repertoire. The piano proficiency exam will be offered only during exam week in fall and spring semesters. In order to be certified for graduation the student must successfully complete the piano proficiency exam in the semester prior to that in which they expect to graduate. It is recommended that the piano proficiency exam be completed by the end of the junior year.

## **Senior Recital/Capstone Experience**

A senior recital comprises the capstone experience for students in the BM in Music Performance, BM in Composition, and BM in Jazz Studies. Students in the BA in Music have the option of a senior recital or writing a research paper. **Students with the requirement of a senior recital as part of their degree program must submit to the Director of Undergraduate Student Affairs a program of their recital signed by their teacher.** BA students who choose to submit a research paper must submit a paper that is satisfactory to the appropriate faculty. The topic of the paper must be approved by the College of Music Undergraduate Committee. Certification cannot be granted until completion of this requirement is verified. The capstone experience for Music Education students is satisfied by MUS 495, Student Teaching in Music.

## **General Education**

General Education, or learning in breadth, is achieved through completion of MSU's Integrative Studies Program. It also includes Writing, Math, and in some cases, Language. The writing requirement is met by the completion of one four-credit Tier I writing course during the first year. Select from Writing, Rhetoric and American Cultures: 101 or 195H.

Each student must complete the University mathematics requirement by fulfilling one of the three options below:

1. Waiver through a *proctored* placement examination yielding a score which would result in placement in Mathematics 132 (calculus).  
For additional information, refer to the statement on the Mathematics placement test.
2. Completion at MSU or transfer equivalent of *either*:  
*One of the following courses: Mathematics 110, 112, 116, 124, 132, 152H, 201; or Statistics and Probability 200, 201.*
3. Completion of two of the following courses: 101, 102 or 103

The completion of Mathematics 103 and one of the courses referenced in item 2 may satisfy the University mathematics requirements.

Integrative Studies is MSU's unique approach to general education, offering courses that integrate multiple ways of knowing into an enhanced appreciation of our humanity, creativity, knowledge, and responsibilities for ourselves and our world. Integrative Studies courses introduce students to college level work and important new ways of thinking.

### **The Integrative Studies Curriculum**

Student must complete at least eight (8) credits in each of the three broad knowledge areas.

Many of the courses in the Arts and Humanities area and in the Social, Behavioral, and Economic Sciences area, emphasize national diversity (designated "N" at the end of the course title), or international and

multicultural diversity (designated "I" at the end of the course title). Some courses emphasize both national diversity, and international and multicultural diversity (designated "D" at the end of the course title). Students must include at least one "N" course and one "I" course in their Integrative Studies programs. A "D" course may meet either an "N" or an "I" requirement, but not both.

#### Arts and Humanities (IAH)

#### Biological and Physical Sciences (ISB/ISP)

#### Social and Behavioral Sciences (ISS)

IAH Requirement	8 credits
IAH "A" course	4 credits
IAH "B" course	4 credits
ISB/ISP Requirement	8 credits
One ISB course	3 credits
One ISP course	3 credits
One ISB or ISP lab	2 credits
ISS Requirement	8 credits
One 200 level ISS course	4 credits
One 300 level ISS course	4 credits

## **FINANCIAL AID**

Scholarships and grants are financial aid assistance that does not need to be repaid. They may be awarded based on need, or excellence in academics or other areas, or on a combination of both. The aid may be given by the federal or state government, by MSU, or by a private donor. For further information visit the web site of the Office of Financial Aid (<http://www.finaid.msu.edu/sships.asp>).

## **SCHOLARSHIPS IN THE COLLEGE OF MUSIC**

Scholarships are awarded upon recommendation of the faculty in recognition of musical ability and merit. These awards are made by the College of Music and are separate from other awards made by the University based on financial need. Students receiving music scholarships are expected to carry a full academic course load and perform in a major ensemble each term, make normal progress toward their degrees, and fulfill other requirements as listed on the scholarship contract. Scholarships may be renewed.

Your scholarship will be listed and deducted from your fee at the time of billing. If your scholarship award is not listed on your bill, you should check with the undergraduate office in Room 153 Music Building.

## **CONFIDENTIALITY OF STUDENT RECORDS**

The College of Music makes every effort to maintain student file confidentiality. The primary responsibility for this activity in the College of Music rests with the Director of Admissions, the Associate Dean for Graduate Studies, and the Associate Dean for Undergraduate Studies.

Confidential records-those dealing with medical and legal issues, complaints against faculty and/or other students, disciplinary actions such as allegations of cheating and plagiarism, financial records of students or parents, documentation naming other students-are kept within the confines of the respective Associate Dean's office in a locked file cabinet. Access to these files is strictly limited to College of Music Administration. Pursuant to the Federal Family Educational Rights and Privacy Act, the University has established the policy of releasing only directory information to anyone who makes a request. Directory information is defined by MSU as:

\*Name  
\*Local address  
\*Telephone number  
\*MSU Net ID  
\*Permanent address  
\*Permanent telephone number  
\*Current enrollment status  
\*Dates of information pertaining to awards and honors achievements  
\*MSU degrees earned and dates  
\*Recommendation to the State of Michigan for teaching certificate and effective dates  
\*Participation in officially recognized MSU activities and sports-including weight and height of athletic team members  
\*Recognition documents of student organizations  
\*Employment status as a graduate teaching assistant, office address, and office phone number

### **Retroactive Changes to Academic Record**

Retroactive changes to a student's academic record are not allowed except in the case of university error. An exception to this is enrollment after the end of the term of instruction. If, in contravention of the attendance policy, a student takes part and earns final grades in courses without being formally enrolled on the last class day of the term of instruction, these courses may be added to the student's academic record if the appropriate Associate Deans and the Office of the Registrar determine that an exception to the attendance policy is warranted. A Course Add Fee of \$200, in addition to the normal tuition, will be charged for each course so added. If a student adding such a course was not formally enrolled on the last class day of the term of instruction in at least one other course, a late initial enrollment fee of \$300 will also be charged.

The responsibility of maintaining and verifying accurate enrollment rests solely with the student. It is important to seek the advice of the undergraduate adviser, as he/she will help you to ascertain what courses you need to satisfy specific requirements of all College of Music degrees. You should be in regular contact with that person, at least yearly.

### **University Attendance Policy**

No person is allowed to attend a class unless officially enrolled on a credit or non-credit basis with the appropriate fees paid. Students, who attend, participate and strive to complete course requirements without formal enrollment will not receive credit for their work.

There is no all-University regulation requiring class attendance of enrolled students. However, attendance is an essential and intrinsic element of the educational process. In any course in which attendance is necessary to the achievement of a clearly defined set of course objectives, it may be a valid consideration in determining the student's grade. It is the responsibility of the instructor to define the policy for attendance at the beginning of the course.

### **Final Exam Policy**

During the final week of each academic semester all courses shall meet for one 2-hour period at the date and time listed in the Final Examination Policy and Schedule on the Web at [www.reg.msu.edu](http://www.reg.msu.edu). During summer sessions, final examinations are scheduled in the last class sessions. This period should be used for examination, discussion, summarizing the course, obtaining student evaluation of the course instruction, or any other appropriate activity designed to advance the student's education.

If an instructor requires a written report or take-home examination in place of a final examination, it shall not be due before the final examination period scheduled for that course.

Exceptions to this paragraph may be approved by the department or school chairperson, or in a college without departments, by the dean.

In the event that a final examination is deemed appropriate by the instructor, it may not be scheduled at any time other than the date and hour listed in the Final Examination Policy and Schedule.

Any deviations from the final examination schedule must be approved by the Office of the Registrar based on the recommendation of the assistant/associate dean of the college responsible for the course offering.

No student should be required to take more than two examinations during any one day of the final examination period. Students who have more than two examinations scheduled during one calendar day during the final examination period may take their class schedules to the Academic Student Affairs Office in their colleges for assistance in arranging for an alternate time for one of the three examinations.

The final examination schedule shall be systematically rotated so that the 2-hour period for each course will be scheduled at a different time each semester. This will also apply to common final examinations.

Faculty members shall schedule office hours during the final examination period (or in some other way attempt to make themselves accessible to their students) as they do in the other weeks of the semester.

Common final examinations are scheduled in certain courses with several class sections. In case of a conflict in time between such an examination and a regularly scheduled course examination, the latter has priority. The department or school giving the common examination must arrange for a make-up examination.

A student absent from a final examination without a satisfactory explanation will receive a grade of 0.0 on the numerical system; NC on the CR-NC system, or N in the case of a course authorized for grading on the P-N system.

Students unable to take a final examination because of illness or other reason over which they have no control should notify the associate deans of their colleges immediately.

## **EVALUATION OF FACULTY**

### Student Instructional Rating System (SIRS)

The principal objective of the student instructional rating policy is to secure information which is indispensable to implementation of the University's policy of providing its students with instruction of the highest quality. This information is put to two principal uses: (1) providing instructors and teaching units with an accurate account of student response to their instructional practices, to the end that classroom effectiveness be maintained at the highest level of excellence; and (2) providing teaching units with one kind of information to be considered in deciding on retention, promotion, salary, and tenure, to the end that effectiveness in instruction constitutes an important criterion in evaluating the service to the University of members of the teaching faculty.

### Student Opinion of Courses and Teaching (SOCT)

The following policy operates as a complement to the Student Instructional Rating System (SIRS) policy to provide selected public information for students as an aid to choosing courses.

To this end, the University Committee on Academic Policy (UCAP) has framed a set of questions that should provide the type of information that students seek. In order to facilitate the transmission of this information to the students, the following procedures are established:

1. In addition to using standard university or unit-based SIRS forms in every class each semester in compliance with the Student Instructional Rating System policy, faculty members at the rank of instructor or above are rated by Student Opinion of Courses and Teaching in all of their regular undergraduate classes.
2. The SOCT forms are online and can be completed within the last two weeks of classes.
3. Results will be disseminated in summary form, displayed by instructor and department, once per year through a Web site accessible to students and other members of the University community with the appropriate identification.

## **ENSEMBLE PARTICIPATION**

All undergraduate students in the College of Music are required to audition for and participate in a major ensemble as designated by the College of Music. Each degree program carries specific major ensemble requirements. Be sure to follow requirements for your degree program. See your adviser if you have any questions. Do not make the mistake of seeking advice from other students or friends. Many have received incorrect information from the "grapevine."

All undergraduate students are required to meet ensemble credit requirements as set forth in their curricula. Students must participate in a major ensemble each fall and spring semester of their enrollment.

## **ENSEMBLES THAT SATISFY THE ENSEMBLE REQUIREMENT**

Groups that satisfy the ensemble requirement, by area:

Classical Wind/Percussion

Symphony Orchestra

Wind Symphony

Symphony Band

Concert Band

Campus Band (if placed by audition)

Marching Band (maximum of 1 credit for music ed)

Voice

University Chorale

State Singers

Men's Glee Club (music majors must audition)

Women's Glee Club (music majors must audition)

Strings

Symphony Orchestra

Concert Orchestra (If placed by audition)

Jazz Majors

Any of the above recognized ensembles

## **Ensemble Requirement by Degree Program**

All students enrolled in the Bachelor of Music degree program in **Music Education** are required to participate in a major ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. Music Education majors are required to audition for and be placed into an ensemble within their specific area of expertise for 7 semesters, i.e. instrumentalists must audition for instrumental ensembles and voice majors must audition for choral ensembles. The remaining ensemble credit can be fulfilled by performing in any major ensemble listed above. Piano majors are allowed to choose from any major ensemble in the College of Music. A minimum of 8 credits in courses approved by the College of Music is required. Students may not perform in a College of Music ensemble during their student teaching semester.

All students enrolled in the Bachelor of Music degree program in **Composition** are required to participate in a major ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. Music majors must perform an audition for placement into an ensemble in order to receive ensemble credit toward their degree. A minimum of 8 credits in courses approved by the College of Music is required. However, no more than 8 credits that are related to the major ensemble requirement may be counted toward the requirements for the degree.

All students enrolled in the Bachelor of Music degree program in **Music Performance** whose performance area is not piano are required to participate in a major ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. A minimum of 8 credits in courses approved by the College of Music is required. Performance majors are required to audition for and be placed into an ensemble within their specific area of expertise, i.e. instrumentalists must audition for instrumental ensembles and voice majors must audition for choral ensembles. Piano majors, for their two semesters of ensemble participation, are allowed to choose from any major ensemble in the College of Music. However, no more than 8 credits that are related to the major ensemble requirement may be counted toward the requirements for the degree.

All students enrolled in the **Bachelor of Arts** degree program in music are required to participate in a major ensemble as designated by the College of Music during four semesters of their enrollment in the program. Music majors must perform an audition for placement into an ensemble in order to receive ensemble credit toward their degree.

All students enrolled in the Bachelor of Music degree program in **Jazz Studies** are required to participate in a major jazz ensemble as designated by the College of Music during each Fall and Spring semester of enrollment in the program. Jazz majors must perform an audition for placement into an ensemble in order to receive ensemble credit toward their degree. A minimum of 8 credits in courses approved by the College of Music is required. Jazz majors are encouraged to participate in classical major ensembles as part of elective requirements for the jazz degree.

## **Majoring in more than one Degree Program**

Michigan State University offers two options for students wishing to major in more than one major; they are a second degree and an additional major.

### Second Degree

To pursue a second bachelor's degree, a student must be admitted to the second bachelor's degree program. To be granted a second bachelor's degree, a student must earn at least 30 credits in residence in addition to the credits required for the first degree and meet the specified requirements of the second college and

major. A student who completes the requirements for a second bachelor's degree will receive two diplomas, one for each major.

#### Additional Major

With the permission of the relevant department and college, a student who is enrolled in or has completed a Michigan State University bachelor's degree program may elect to complete the requirements for an additional major. An additional major may be completed within the number of credits required for the student's bachelor's degree program or with only such additional credits necessary to satisfy the requirements for the additional major.

The additional major consists of the specified requirements of the major and, where required, of the college. A student who is interested in completing an additional major should contact the department that administers the intended additional major. The department completes a REQUEST FOR PERMISSION TO COMPLETE AN ADDITIONAL MAJOR form.

The completion of the additional major will be noted on the student's final transcript. Only the primary major of the student's bachelor's degree program will be designated on the student's diploma.

#### Majoring in 2 degrees within the College of Music

Obtaining a second degree or an additional major within the College of Music, i.e. primary major in performance and second degree in music education (or any similar combination) can be accomplished fairly easily, depending on the degrees sought.

Each music degree requires completion of the same core music curriculum (26 credits) and the same general education and integrative studies component. Additionally, all music degrees require completion of a performance curriculum of private lessons and major ensemble participation. The only remaining requirements are those for the specific degree programs. See an adviser in the College of Music if you might be interested in such a program.

#### Majoring in 2 degrees, one of which is outside the College of Music

Obtaining a second degree or an additional major outside the College of Music is also a possibility, although the courses in common with both degrees are significantly fewer, mostly occurring in the general education area.

## **ENROLLMENT**

#### Enrollment in the Neighborhood Student Success Collaborative

The Neighborhood Student Success Collaborative (NSSC), formerly known as the Undergraduate University Division (UUD), provides academic advising primarily for freshmen (0-27 credits) and sophomores (28-55 credits) who have not declared a major and is the primary advising unit for No-Preference/Exploratory students. NSSC also serves as the Assistant Dean for all freshmen and sophomores who are NOT members of a residential college. NSSC academic advisors are available to help students make informed decisions about their major exploration, academics policies and procedures. The advisors will assist students in identifying support services that can help them achieve academic success.

#### Classification of Students

For purposes of enrollment and determining eligibility for certain student activities, a division of students by class is made by the Office of the Registrar at the end of each semester on the basis of the number of credits earned and according to the following schedule:

Credits Earned less than 28	Class Freshman
--------------------------------	-------------------

28 to 55	Sophomore
56 to 87	Junior
88 and above	Senior

Students who have matriculated at Michigan State University and have achieved junior standing (56 semester credits) may not earn credits from two-year institutions.

Students who have matriculated at Michigan State University and have not yet achieved junior standing (56 semester credits) may earn credits from two-year institutions, up to the 56-semester credit limit.

#### Time Limit for Completing a Bachelor's Degree

There is no time limit for the completion of the bachelor's degree. For students who have been admitted to a major, progress toward the degree shall be evaluated on an individual basis after an assessment of the student's academic record and degree requirements.

#### Upper/Lower Division Courses

##### 100-299 Undergraduate Courses

Courses with these numbers are for undergraduate students. They carry no graduate credit, although graduate students may be admitted to such courses in order to make up prerequisites or to gain a foundation for advanced courses.

For information about remedial-developmental-preparatory courses, consult the *Undergraduate Education* section of Academic Programs.

##### 300-499 Advanced Undergraduate Courses

Courses with these numbers are for advanced undergraduate students. They constitute the advanced portion of an undergraduate program leading to the bachelor's degree. A graduate student may carry 400-level courses for credit upon approval of the student's major department or school. In exceptional cases, a graduate student may petition the dean of his or her college, in writing, for approval of a 300-level course for graduate credit.

#### Semester Credit Load

All undergraduate programs of study require a minimum of 120 credits. Most programs are designed so that a student starting a program as a freshman may finish it in 8 semesters by satisfactorily completing an average of 15 credits a semester. In practice, students usually carry from 12 to 18 credits a semester depending on personal circumstances and the chosen program of study. Students with less than a 2.50 grade-point average (GPA) the preceding semester should not enroll for more than 15 or 16 credits except when required by the specific program. Only under unusual circumstances will a student be permitted to carry more than 20 credits.

A student with less than satisfactory academic performance may be required to take a reduced credit load as a condition of continued registration in the University.

#### Full Time Students

Students must carry at least 12 credits a semester in order to:

1. Participate in intercollegiate athletics.
2. Qualify for the Dean's List for the semester.
3. Qualify for most scholarships, awards, and financial aids.

Most of these are limited to undergraduate students carrying at least 12 credits a semester excluding credits for any course carried as a visitor. Students should determine the specific requirements from the appropriate agency or contact the Office of Financial Aid.

4. Be certified in full-time status to loan agencies and other external entities.

Students participating in authorized forty hour/week internships or cooperative work programs are considered full time for all the purposes listed above.

#### Independent Study

Each student who wishes to enroll in an independent study course (MUS 290 or 490) must complete an "Application for Independent Study," available from the Undergraduate Studies Office in 153 MB. The form must be signed by the instructor of the course and returned to the undergraduate office before the override will be entered. After the override is complete you must enroll online for the course.

#### Change of Enrollment

Students are expected to complete the courses in which they register. If a change is necessary, it may be made only with the appropriate approvals as explained below.

#### Add and Drop Period

Students may add courses using the enrollment system through the first 1/14th of the term of instruction (the 5th day of classes in the Fall and Spring semesters). Students may drop courses using the enrollment system through the middle of the semester.

#### Repeating a Course

An undergraduate student who received a grade of 2.0 or above, CR, or P in a course may not repeat the course on a credit basis. An undergraduate student may repeat no more than 20 credits in courses in which grades below 2.0 were received.

Whenever a course is repeated on a credit basis, the last grade and credits earned completely replace the previous grade in the satisfaction of requirements and computation of grade-point averages. All entries remain a part of the student's permanent academic record.

Any course repeated for credit must be taken on the same grading system under which the course was taken the first time, except where standard requirements to the contrary must be satisfied in order to meet graduation requirements.

Credit by Examination may not be used to repeat a course in which a grade below 2.0 was received.

#### Change of Option For CR-NC (Credit-No-Credit) Grading

Choice of the CR-NC grading system must be communicated by the student to the Office of the Registrar within the first 1/14th of the term of instruction (the 5th day of classes in the Fall and Spring semesters) and may not be changed after that date.

#### To Add a Course After The Add and Drop Period

Normally, no course may be added after the designated period for adding courses. Any add after this period must be processed beginning with the department offering the course. Final approval rests with the associate dean of the student's college.

### To Drop a Course After the Middle of the Semester

A student may drop (withdraw from) a course during this period only to correct errors in enrollment or because of events of catastrophic impact, such as serious personal illness. To initiate a late drop, the student must obtain approval from the office of the associate dean of his or her college or the Undergraduate University Division.

If the student is passing the course, or there is no basis for assignment of a grade, at the time of the drop, a W grade will be assigned. If failing, a 0.0 (or N in a P-N graded course) will be assigned. The course will remain on the student's academic record.

### Adjustment of Fees

If the adding or dropping of courses changes the total number of credits in which the student is enrolled, an adjustment of fees is made according to the policies for assessment of fees and refund of fees shown in the section on Refund Policies.

### Changing Majors

#### Within the College of Music

Students must obtain a Major Change Form from the Director of Student Affairs and fill it out completely. Once completed the form should be returned to the Director of Student Affairs.

#### Outside the College of Music

Freshmen with fewer than 28 credits initiate changes of major preference either in the office of the associate dean of the college major or the appropriate Undergraduate University Division Student Affairs Office.

Sophomores, Juniors and Seniors: A student wishing to change a major in one degree college to a major in another degree college (or within the same college) must initiate the change in the office of the associate dean of the college to which the student wishes to transfer.

*The student must meet the requirements for graduation given in the catalog current at the time the change is effective. Twenty credits must be completed while enrolled in the major in the college in which the degree is to be earned.*

To change to any music-related degree program, an audition must be successfully performed and, in some cases, other criteria must also be met (see Academic Programs and your Director of Undergraduate Student Affairs). Depending on the degree sought, when changing from one major to another or adding another major within the College of Music, an audition for acceptance and/or an interview/aural exam must be completed.

### Verify Enrollment

Students must check their enrollment often to be sure they are enrolled in the courses they think they are enrolled in. Each semester, after classes have ended, a number of students request that a course be added to their transcript because they were not enrolled in it, but thought they were. They attended all sessions of the course, completed all assignments, and took all exams and quizzes. They are very surprised to find out they were never enrolled in that particular course.

## PRIVATE LESSONS

### Enrolling in Lessons

Private lessons on a specific instrument or voice are required of all students seeking a degree in music. Each degree program requires a set number of credits in each level of private study. There are two levels, lower division (100 level) and upper division (300 level). Be sure you monitor the number of credits at each level.

### Number of Credits

Each applied faculty member arranges their lesson schedule individually. Contact your applied instructor for information to arrange for a regular lesson time. Each student receives 15 lessons (or time equivalent) per semester. The number of enrolled credits determines the amount of time per lesson:

1 credit	30 minutes
2 credits	40 minutes
3 credits	60 minutes

### Lesson Attendance

Students are expected to attend lessons as scheduled. Unexcused absences other than those caused by illness will be rescheduled only at the discretion of the applied teacher.

### Studio Assignment of New Students

All new students will have an opportunity to list their teacher preference(s) at the time of the audition or subsequently prior to enrollment.

At the end of the academic year area chairs will ask the applied teachers in their areas for a list of their students who are returning in the subsequent year.

Area chairs will communicate to applied teachers in their areas the incoming students who have requested them as teachers for their comment.

Area chairs will make a good faith effort to assign new students taking into consideration the following factors:

- student requests

- faculty load availability (if a faculty member with a full load desires to take on additional students, this is possible if that individual is willing to accept an overload); it is understood that students assigned to an individual's studio can expect a commitment from that faculty member for instruction for the duration of their degree work.
- faculty input at time of audition (area chairs will try to avoid assigning any new student to a teacher who vote to not accept that student as a music major)
- equalizing as much as possible, student ratio with regard to applied and non-applied, graduate and undergraduate After all issues have been considered, the student must accept the faculty member assigned to them and faculty member must accept the student assigned to them.

#### College of Music Policy on Studio Teaching Assignments

All teaching assignments within the College of Music are ultimately the responsibility of the Dean of the College of Music.

The specific assignment of applied students to particular teachers is delegated to the respective applied area chairs.

No guarantee can be made of a specific teacher to a specific student.

In instances when problems arise, the Dean or his or her designate, will make the final decision.

In areas where there is more than one instructor per instrument or voice, each student is invited to express a choice of teachers including alternates.

The College of Music recognizes that on occasion, significant conflicts can arise between teachers and students. When such cases arise, the College will endeavor to make more compatible assignments.

When a current student desires to change a studio

- The student should speak directly with the instructor. If this is not possible the student should speak with the area chair or the appropriate Associate Dean of the College of Music.
- The area chair (or appropriate associate dean if the transfer is requested from the studio of the area chair) must be consulted. Approval must be granted for a change in studio assignment to take place. Any decision may be appealed to the appropriate associate dean or the dean of the College of Music.
- The student must speak with a prospective teacher to see if there is room available in that studio.
- The student should speak with and inform the current teacher about the reassignment.
- Reassignment takes place

When a faculty member believes there may be a need to change a teacher-student assignment, the following procedure is suggested: (There is an expectation that once assigned to a given studio, all effort will be expended to ensure that there is a positive learning experience for the student and that the student will remain in that studio for the duration of their degree work. Reassignments will take place only in the case of irreconcilable differences).

If a teacher believes that a problem is developing, it is the responsibility of the teacher to communicate this to the student outlining measures to improve the situation. At the time a decision may be made to reassign a student, it should never be a surprise to the student that the teacher perceived there was a problem.

- If a problem is irreconcilable and the current teacher desires a given student be reassigned, that teacher must consult with and gain the approval of the area chair. If the teacher in question is an area chair, he/she must consult with the appropriate associate dean of the College of Music.

- Any decision may be appealed to the appropriate associate dean/dean of the College of Music.
- Once approval is given for a change in teacher assignment, the teacher/area chair/associate dean must speak with prospective teacher to see if there is room available in that studio.
- The teacher should speak with and inform the student about this situation.
- If there are problems at this level, any party should consult the appropriate associate dean. Ultimately, teaching assignments are the responsibility of the Dean of the College of Music.

#### Performance Juries

Performance juries are required of each student in the College of Music. Performance areas determine the frequency of juries.

All students in the College of Music must successfully perform a barrier jury in order to advance from 100-level to 300-level lessons, and an exit jury to complete applied music requirements.

#### Probation in Applied Music

If, in the judgment of the student's primary applied faculty, in consultation with the student's performance area, adequate progress is not being made in applied lessons, a student can be put on probation. The student then must successfully perform a jury in the following semester to determine whether he/she will be allowed to continue applied lessons. If this probationary jury is not successfully completed, the student will not be allowed to continue in applied lessons. In order to be re-admitted to applied study, that student must successfully complete an admission audition for the appropriate faculty.

#### Policy on Combining Jazz and Classical Applied Studies

Any combining of jazz and classical private lessons will be determined on an individual basis by the respective applied areas. This policy will serve to assure that sufficient attention is given to the acquisition of the necessary repertoire and skills, especially in the primary area. If a student wishes to change from classical to jazz or vice versa, an audition will be required prior to the final decision.

## **HONORS COLLEGE**

The Honors College embodies Michigan State University's long-standing commitment to provide programs of study that attract and challenge unusually talented undergraduates. Its underlying philosophy is that carefully planned, highly individualized programs of study will meet the needs of a greater variety of academically talented students than is possible through a core curriculum of required Honors classes.

#### Benefits of the Honors College

##### **Individualized Programs**

Honors College members may fulfill University requirements in nonstandard ways that allow a program of study to be tailored to a student's individual interests and abilities. With the approval of an Honors College Academic Specialist/Adviser, members may choose from literally hundreds of course offerings to fulfill their general education requirements. With the approval of their Departmental Honors Advisers, they may meet the spirit of their college and major requirements using substitute courses not on the standard requirement lists. A substitution may take the form of a course which is more advanced than an introductory one, a course closely related to a required one but not on the standard list, or an Honors or graduate course which covers more than one standard listing.

### **Freedom from Course Restrictions**

In most circumstances, Honors College members are not bound by course restrictions such as "juniors" or "majors only." In addition, an Honors College member may bypass listed prerequisites for a course provided the student has the background necessary to understand the course material.

### **Graduate Course Enrollment**

Honors students may enroll in graduate courses, which can count as Honors components of the undergraduate degree program if they are approved as a part of the Academic Progress Plan and if they are consistent with the Dual Enrollment by Undergraduates policy. To enroll in a graduate course, an Honors College member should first consult the instructor, who can determine whether the student has the necessary preparation to take the course. The student then needs to arrange for an override into the course, either through the instructor or the departmental office that offers the course.

### **Enrollment Priority**

Continuing Honors College members are allowed to enroll for classes on the first day of each enrollment period, before most other students. This privilege allows Honors students easy access to most courses, and members must use this opportunity for early access to schedule all of the courses they need or want. The priority is strictly a time advantage and does not allow Honors College members to enroll later in filled sections of courses either during the regular enrollment period or during the schedule adjustment period.

### **Honors Experiences**

In fulfilling the requirement for an enriched program of study, a student may use any combination of the various types of Honors opportunities available. In order to maintain HC membership and graduate with Honors College notation, students must complete at least three Honors experiences by the end of their second Spring semester and at least eight total Honors experiences by graduation. For Students completing a second degree, two additional honors experiences are required to graduate from the Honors College in that second degree.

### **Honors Courses**

Many departments offer Honors courses especially for Honors College members. Often these classes are much smaller than their non-Honors counterparts; some are designed specifically for Honors students and have no non-Honors counterpart. Material is usually covered in greater depth than in non-Honors courses, and there is more classroom interaction in general. The pace is faster and more challenging, since students are surrounded by other students of the same caliber and, often, the same interests. **Honors courses are designated by an "H" after the course number.** See the Schedule of Courses for details on offerings of Honors courses.

### **Honors Sections**

In some multi-section courses, one (or more) section may be designated as an Honors section. Like Honors courses, these classes are usually smaller than their non-Honors counterparts, move more briskly, and involve more classroom interaction. See the Schedule of Courses for details on offerings of Honors sections.

### **Honors Options**

An Honors Option is more extensive or more advanced work than is required of all students in a regular course. The professor must approve the format, timeline, and scope of the project. For more information on the Honors Option procedures and examples for students, please visit: <http://honorscollege.msu.edu/honors-option>

For more information on the Honors Option procedures and examples for faculty, please visit: NEW URL

### **Graduate Courses**

Well-selected graduate courses at the 500-, 800-, or 900-level can make excellent Honors-caliber substitutions for many 300- and 400-level courses. All suitably prepared Honors College members may enroll in most graduate courses, inside and outside their own colleges, with prior approval from their departmental Honors College advisers and from the instructors teaching the courses.

Student Teaching

The MSU Music Student Teaching program is a one-semester program, designed to give students the opportunity to teach in a classroom setting while still in school. It will help students to bridge the gap between their years of formal university training and the "real world" of schools. This is an opportunity for students to take the skills that they have learned in the college classroom and to apply them in a school setting, helping them to develop their own personal "style" of teaching.

Acceptance into the MSU Student Teaching Program

Students must be accepted to the College of Education, have Advanced Standing in music education, and be a music education major in good standing to be permitted to student teach. Student teaching placements are made in consultation with the Student Teaching Coordinator, and every attempt will be made to place each student teacher in the best possible setting.

Academic Requirements for Student Teaching:

1. Completed all teaching major and teaching minor requirements as well as all teacher certification coursework and other courses required for teacher certification. Students must have successfully completed the appropriate methods course for the intended placement. For example, to student teach in instrumental (band) music, MUS455: Teaching Instrumental Music, must be taken and passed.

2. Earned a Grade Point Average of 2.5 or above in each of the following: University overall cumulative GPA, teaching major GPA and teaching minor GPA
3. Earned a Grade Point Average of 2.5 or above for professional education courses required for certification, with no grade below a 2.0
4. Earned a minimum grade of 2.0 in all courses in the Planned Program for Elementary Certification
5. Passed all three components of the Michigan Test for Teacher Certification Basic Skills test (reading, writing and math)
6. Completed the Michigan State Department of Education technology requirement
7. Pass the required Michigan Test for Teacher Certification (MTTC)

MUS495: Student Teaching Seminar, is required of all student teachers. The seminar meets every Wednesday from 4:00-5:30pm during the student teaching semester. Students are also required to enroll in TE496 during your student teaching semester. Student teachers may not take any other courses during the student teaching semester. An override is required for MUS495, all courses must be complete and graded prior to receiving an override.

MSU student teaching placements will not be made in schools more than 50 miles away from campus. The only exceptions to this policy are cases of extreme financial or family hardship, and will be handled on a case-by-case basis.

Contact the Coordinator of Student Teaching with any questions regarding this policy.

To apply, please fill out the student teaching application form, attach a resume, and a current MSU transcript and return all the required items to Dr. Robinson in room 208 MPB.

## **ACADEMIC DISHONESTY**

The following statement of University policy was approved by the Academic Council and the Academic Senate, and serves as the definitive statement of principle and procedure to be used in instances of academic dishonesty:

*The principles of truth and honesty are recognized as fundamental to a community of teachers and scholars. The University expects that both faculty and students will honor these principles and in so doing protect the validity of University grades. This means that all academic work will be done by the student to whom it is assigned, without unauthorized aid of any kind (see General Student Regulation 1.00, Scholarship and Grades, for specific regulations).*

Instructors, for their part, will exercise care in the planning and supervision of academic work, so that honest effort will be positively encouraged.

If any instance of academic dishonesty is discovered by an instructor, it is his or her responsibility to take appropriate action. Depending on his or her judgment of the particular case, he or she may give a failing grade to the student on the assignment or for the course.

In instances where a failing grade in a course is given only for academic dishonesty, the instructor will notify the student's academic dean in writing of the circumstances. The student who receives a failing grade based on a charge of academic dishonesty may appeal a judgment made by a department, school, or a college. Refer to Academic Freedom for Students at Michigan State University.

When in the judgment of the academic dean, action other than, or in addition to, a failing grade is warranted, the dean will refer the case to the college-level hearing board, which shall have original jurisdiction. In cases of ambiguous jurisdiction, the appropriate judiciary will be randomly selected by the Assistant Provost from one of the three core colleges. Appeals from the judgment may be made to the All-University Academic Integrity Review Board. Refer to Academic Freedom for Students at Michigan State University.

In instances of academic dishonesty where the instructor feels that action other than, or in addition to, a failing grade in the course is warranted, the instructor will report the case to his or her departmental or school chairperson and to the student's academic dean. The dean will then refer the case to the college-level hearing board, which shall have original jurisdiction. Refer to Academic Freedom for Students at Michigan State University.

## **GRIEVANCE IN THE COLLEGE OF MUSIC**

The "Academic Freedom for Students at Michigan State University" (AFR) and the "Graduate Student Rights and Responsibilities at Michigan State University"

(GSRR) documents establish the rights and responsibilities of MSU students and prescribe procedures for resolving allegations of violations of those rights through formal grievances. In accordance with the AFR and the GSRR, the College of Music has established the following procedures for adjudicating student academic grievances. These grievance procedures also can be used to resolve disputes regarding allegations of academic dishonesty and violations of professional standards. (See AFR 2.4.2, 2.4.4.1, 2.4.4.2, 2.4.6, 2.4.6.2, 2.4.8 and 2.4.9; GSRR 5.1.1, 5.1.2, 5.1.3, 5.3.2, 5.3.5, 5.4.1, and 5.5.2.)

Students may not request a grievance hearing to grieve dissatisfaction with the competence of instruction. (See AFR and GSRR 2.2.1 and 2.2.2.)

A student who believes an instructor, including a graduate teaching assistant, has violated her or his academic rights should first attempt to resolve the dispute in an informal discussion with the instructor. (See AFR 2.4.2; GSRR 5.3.1 and 5.3.2.)

Students may not seek redress through a grievance hearing regarding alleged incompetence of instruction. (See AFR 2.2.1 and 2.2.2; GSRR 2.2.1 and 2.2.2.)

If the dispute remains unresolved after discussion with the instructor, the student should consult the Chair of his/her respective applied or academic area in which the dispute occurred, the appropriate Associate Dean of the College of Music (graduate or undergraduate), and/or the University Ombudsman for assistance. (See AFR 2.4.2; GSRR 5.3.2.)

### **College of Music Studio Protocol regarding Physical Contact**

The College of Music faculty and administration are committed to providing the best possible educational experience for every student enrolled in a music course. Music learning takes place in a variety of ways, but all students in each music degree program have the curricular requirement to enroll in private music lessons. Private lessons constitute an integral part of the college music major experience. The nature of private lessons is unique in that it establishes a regular one-to-one teaching model. It is very much a “power” relationship.

At times, presentation of pedagogical concepts may require a certain amount of physical contact between faculty and student, including issues of breathing, posture, positioning of an instrument, sound projection, stage presence, etc. Demonstrations of this kind can be very illuminating and edifying.

Each student responds to physical touching in a different manner; some are very comfortable with it, while others may feel very ill at ease with physical contact of any sort. Additionally, the teaching style of applied faculty members can vary dramatically concerning physical contact, from no contact whatsoever to frequent touching in an effort to demonstrate specific pedagogical concepts.

If a student has a concern or question about any physical contact between him/her and the teacher, that student should voice the concern to the teacher or ask if there might be another method of demonstrating the pedagogical concept.

This may take the form of a direct response informing the instructor that the student is uncomfortable with the physical contact and that the contact be curtailed. If the student is uncomfortable speaking with the instructor, the concern could be put in writing via a note or email to that instructor. Another suggestion might be to have a third party (accompanist or other student) present during lessons. At no time should a student feel threatened or uncomfortable in an applied lesson regarding the issue of physical contact. Asking questions or voicing any concern of this manner cannot affect a student’s grade.

If the student is apprehensive about approaching the instructor regarding any uncomfortable physical contact in an applied lesson, that student should speak with the Associate Dean for Undergraduate Studies, the Associate Dean for Graduate Studies, or the Dean of the College of Music. It is important that private lessons maintain an educational atmosphere that is instructive, supportive, and professional.

This minor is designed to prepare students for challenges encountered in the processes of teaching jazz musicianship. Through analysis of their own learning and study of several role models and mentors students employ techniques that impart and sustain basic principles that are necessary for the development of jazz study. This minor will concentrate on the refinement of skills used in private instruction, rehearsal techniques for small jazz ensembles, and the development of structured techniques for use in classroom instruction. Students will apply their skills using colleagues and combos from the Michigan State University jazz program as subjects.

A jazz studies minor is available as an elective to students who are enrolled in the Bachelor of Music degree program in Music Education and the Bachelor of Music degree program in Music Performance. With the approval of the department and college that administers the student's degree program, the courses that are used to satisfy the minor may also be used to satisfy the requirements for the bachelors degree. POLICY OF COMBINING JAZZ AND CLASSICAL APPLIED STUDIO

The policy regarding any combining of jazz and classical applied lessons is that this matter should be handled individually by the principal teachers involved e.g. the jazz bass professor and the classical bass professor in the case of a bass player. This policy will serve to assure that sufficient attention is given to the acquisition of the necessary repertoire and skills, especially in the primary area. If a student wishes to cross over from classical to jazz, or vice versa, it will be done through audition prior to the final decision.
